The time arrived for the Public Hearing on the 1st reading of Ordinance 5.8 Weapons Free Zone. There was discussion about whether to add the East Richland Annex Building. Merten mentioned the discussion he had with Sheriff Launderville and Major Simons, concerning the security of the 2nd floor of the Courthouse, and since the law is changing today, it is best to have this ordinance in place. Chairman Arends asked if there were any changes needed to the existing Ordinance 5.8, as presented. Motion by Hach, second by Altena, to approve the 1st reading of Ordinance 5.8 Weapons Free Zone, and to set the 2nd reading for Tuesday, January 11, 2011 at 8:45 a.m. Carried.

Rhonda Dean, Executive Director of CAASA presented their FY’12 funding request of $5,000. The funding goes for operating the BV County office.

BV Co Compensation Board salary recommendations for FY’12 were presented by Paula Balder and Lona Munger. They are: Attorney 10%, Auditor, Recorder, Sheriff, and Treasurer-5%, and Supervisor 0% increase with an additional $1,000 to the Board Chairman. They feel the increases are realistic; they are playing catch up from last year. They figured the cost of increases for a gallon of milk
and also for a gallon of gas over the two year period (15%-20%), and since the salaries were frozen from last year, they feel they need to catch up to other salaries in the area. Balder stated that all of the officials do a good job, and they deserve an increase to show them they are appreciated. The Board wants to keep a realistic figure coming to the Supervisors. Hach said that if the Comp Board can find the money, then maybe we can work with it. Balder asked if some of the outside agencies could be cut this year, so that the employees can have a raise? Merten took offense to a comment by Danielson, stating that insurance rates went up last year. Merten stated that the Board worked very hard to keep the insurance rates down. Altena mentioned that even though the cost of insurance didn’t go up, deductibles went up, which did affect the employees. Merten asked Balder why the Supervisors didn’t get a raise? Balder stated that she thought the Supervisors could pass up a raise this year, so that the employees could have a raise. Merten stated that we added additional staff for the County Attorney, added 2 for the Sheriff’s Department, and added 1 additional employee to the Secondary Road Dept. Merten asked Balder and Munger if this would be the final recommendation, or would they go back to the Comp Board and give them our information? Arends stated that with the County Attorney’s Office staff was added to help with the debt collection process. The amount of dollars collected will more than pay for the cost of adding the additional staff. Balder asked if the Board wanted them to go back to the Comp Board to see if there was a change to their proposal? Arends stated that there are counties around us that are in their 3rd year of being frozen. We are remodeling several places, to make changes and add room for departments, and to add staff. The Board is doing their best to make changes to accommodate. Arends doesn’t feel that the County employees are under paid, they may be under appreciated, but not under paid. According to the applications that come in when there is a job opening, people really want to work for county government. Balder stated that she felt their main job was to talk to the employees and find out some information. As a whole, they have to communicate with the employees. They appreciate the other changes that have been made, adding drivers license to the Courthouse has been a plus. Altena mentioned other observations that he has made, everything is going up 6% - 12%. It all revolves around a cost of living increase. Merten suggested for future recommendations, maybe the Comp Board should give a dollar amount rather than a percentage. By using the percentage, the larger salaries get more dollars than the smaller salaries. Ringgenberg stated that if changes are made to the County Attorney increase, the change affects the others too. Treasurer Kathy Bach stated that this was the worst Comp Board meeting she ever attended. It was short and to the point with a lot of frustrations. She doesn’t like the process, but that is an elected official’s only chance of getting a raise, with the Comp Board listening and making recommendations. Merten appreciated Bach’s comments, and asked if the Comp Board should go back and make a new recommendation? Bach stated yes, she felt the Supervisors shouln’t accept the recommendations, and sent the representatives back to meet with their board again. Arends thanked the representatives, and asked them to reconsider. Balder will make some phone calls and see if the Board will meet again to make another recommendation.

Carl Vogel, of R & D Industries, Inc., met to discuss what they can do for BV County and what they are doing for Calhoun County, as their I.T. support. They have enough staff, that someone will always answer the phone. They have three options for a County. They can have a contract to be the support person, they can be the consultant, or they can simply be contacted on an “emergency” capacity. They try to forecast out for 3-5 years, to be able to recommend which direction to go. Vogel discussed virtualization, but did not recommend it for the County. It is neat, new, and interesting, but there is a lot of redundancy and pitfalls along with a hefty price tag. They have the knowledge base that our I.T. Dept. could take advantage of with a consulting capacity. He knows the County is in the process of interviewing for an I.T. Director, and hopes they will interview R & D too, as there could be benefits to both routes.
Motion by Hach, second by Merten, that Robert’s Rule of Order Revised (1990) shall govern the proceedings of the Buena Vista County Board of Supervisors, including the use of a second for all motions. Carried.

Motion by Altena, second by Merten, to approve and to authorize the Chair to sign today’s claims approval list, and today’s reports: November Board of Health minutes, NW IA YES Center bed count (12/12-12/18), and NW IA YES Center bed count (12/19-12/25). Carried.

Motion by Merten, second by Ringgenberg, to accept the engineer’s Certification of Completion Report on DD #34 MOD tree clearing project with Schmitt Construction, and set the completion hearing for January 25 at 10:00 a.m. in the Boardroom of the Courthouse. Carried.

BOARD OF SUPERVISORS MEETING
JANUARY 11, 2011

Meeting cancelled due to lack of quorum.

BOARD OF SUPERVISORS MEETING
SECOND MEETING, 2011 SESSION (2)
JANUARY 18, 2011

The Buena Vista County Board of Supervisors met in regular session on Tuesday, January 18, 2011 at 8:30 A.M. in the Boardroom with Chairman Arends presiding, and the following members present: Altena, Hach, Merten, and Ringgenberg, and with Auditor Susan Lloyd as clerk for the meeting.
Unless otherwise indicated, all of the following motions offered at this meeting were carried with the following vote: Ayes: Altena, Arends, Hach, Merten, and Ringgenberg. Nays: none. Abstentions: none.

Treasurer Kathy Bach requested tax suspensions on two parcels, due to a direct petition by Iowa Department of Human Services. Motion by Hach, second by Ringgenberg, to approve the tax suspension on parcel #14-03-277-021 and parcel #10-34-257-001, for as long as the person owns the parcels or is receiving assistance. Carried.

Motion by Hach, second by Altena, to add the following claims to the approval list for today: Delta Dental-$5,894.65, Annette Jordan-$382.50, Mid American Energy-$52.54, Mastercard-$1,099.25, and Star Energy-$81.18. Carried.

Motion by Altena, second by Ringgenberg, to approve the appointments of two assistant county attorneys: James McHugh, effective January 3, 2011 through December 31, 2014, with a salary of 80% of the County Attorney's salary, and Kiyoko M. Balk, effective January 9, 2011 through December 31, 2014, with a salary of 77% of the County Attorney's salary. Carried.

Motion by Ringgenberg, second by Merten, to approve and authorize the Chair to sign today's claims approval list, along with the additional claims approved. Carried.

Merten updated the Board on the Central IA Juvenile Detention Center. They are basically 25 years ahead of schedule on the repayment of the building loan. DHS may or may not request funds be returned, and if they do, all of the member counties will have to approve individually.

The Chair opened the Public Hearing on the 2nd reading of Ordinance 5.8 Weapons Free Zone. After the last meeting, the scope was to add 3 sites, the Courthouse, DHS, and CPC Office. Since that time, there has been a request to remove the CPC building from the list, a request to add all of the Secondary Road buildings, and also a request to add the East Richland Annex building. Merten explained to the public in attendance, the initial meetings to create this ordinance. Letters have been received from the National Firearms Coalition, the Iowa Firearms Coalition, and the NRA. The Board commented that they are not trying to restrict anyone rights. Arends would like to only address the Courthouse and DHS buildings in the Ordinance. Ringgenberg would like to see East Richland Annex added to the Ordinance. Altena agrees with Ringgenberg, to add the East Richland Annex building to the Ordinance. The Chair asked for comments from the public. Glen McCannon, representing the Iowa Firearms Coalition, stated that under Article III, Section 39A of the Iowa Constitution, the Board can implement “Home Rule” only to the extent that their decisions don’t contradict state law. McCannon says that the proposed Ordinance 5.8 violates this on several points. Motion by Hach, second by Merten to close the public hearing. Motion by Hach, second by Arends, to approve the 2nd reading of Ordinance 5.8 Weapons Free Zone, limiting it to the Courthouse and to DHS, and to set the 3rd reading for Tuesday, February 1, 2011 at 8:30 a.m. Ayes: Altena, Arends, Hach, and Merten. Nay: Ringgenberg Carried.

Patrick Schmitz, Executive Director of Plains Area Mental Health Center, discussed their FY’12 budget request. Their request is $89,505, $75,000 for block grant and $14,505 for services, but this isn’t a hard figure, it depends on how many people come into the office for services. They will be applying to the Community Foundation for a grant to be used for socialization services. It is working out really well to have the Community Services Department in the same building.

Motion by Altena, second by Merten, to approve the minutes of 1/3/11, as corrected. Carried.
Motion by Arends, second by Hach, to approve Resolution #2011-01-18A for Fence Removal & Replacement Policy. Carried.

The County estimate was for $90,070.00. Motion by Hach, second by Ringgenberg, to accept the apparent low bid of Midwest Contracting, LLC, Marshall, MN, with the bid of $83,093.00, subject to the Engineer's review. Carried.

Engineer Jon Ites reported that the (MacKay) gravel stockpile lease on M-27 is up for renewal. Motion by Altena, second by Hach, to approve and to authorize the Chairman to sign a lease with Archie and Janice Mackay for a parcel in the SW¼ Section 5, Nokomis Township for gravel stockpile purposes, for the term of January 1, 2011 to December 31, 2013 in the amount of $125/yr. Carried.

Motion by Altena, second by Hach, to approve and to authorize the Chairman to sign a lease with the City of Newell for a parcel in Lot 2, Auditor's Subdivision NW ¼ SW ¼ Section 17, Newell Township, a site across from the county's main shop in Newell, for gravel stockpile purposes, for the term of January 1, 2011 to December 31, 2013 in the amount of $100/yr. Carried.

Engineer Ites received notice from IDOT that they were denied again for the safety upgrade at M50. There will be a field review on M-27.
Letter received from Mike Rebhuhn, Albert City Threshermen. They had flooding last year, and they would like to look at a permanent solution, putting in a cross culvert under M-54 to help drain water in case of heavy rains like they experienced last summer.

The Engineer received quotes to replace a Ford Ranger pickup. Quotes were received from: Fitzpatrick Auto Center, $19,196; and Rasmussen Ford, $21,180. Motion by Ringgenberg, second by Hach, to accept the low quote of Fitzpatrick Auto Center with a trade-in for a 2011 Chevy 4x2 extended cab crew pickup, 2-wheel drive, for $19,196. Carried.

Engineer Ites has received a verbal request from Storm Lake St. Mary’s, requesting a student job shadow at the County Shop 2 days/week. There would have to be restrictions, because of their power tools and welding equipment. Engineer was looking for input from the Board as to whether they thought it was a good idea or not. Hach said that it was a good experience for kids to learn. The Auditor will check with the insurance agent, regarding workers comp insurance to see if there are any restrictions.

Engineer Ites has been notified to close the bridge between sections 21 and 22, Newell Township. With the DD #1 cleanout, it was undermined. Engineer will prepare a formal resolution for the next board meeting, for the closing.

**Surface transportation projects** deadline is in March. The Engineer has contacted the City of Newell for the blacktop west of Newell. Engineer wanted to have the City of Newell apply and have the County co-sign. Newell Mayor was concerned about the cost to the city. If a joint project would work, it might have a better chance of getting funding. Part of this may be eligible for STP funding of 80%.

**Legislative update**—there is a proposal at the Federal level to open up the Trust Fund to General Fund spending.

Motion by Hach, second by Altena, to approve the following **reports**: December Conservation Board minutes, Nov & Dec Veterans Service officer reports, Oct-Dec Veterans Assistance Report, Sheriff’s Qtr Report-Dec’10, Jan Board of Health minutes, Dec 23 Solid Waste Commission minutes, Dec Central Iowa Detention Commission minutes, Dec Clerk of District Court Fees, NW IA YES Center bed count (12/26/10-1/1/11) & (1/2/11-1/8/11), and Dec NWIPDC Policy Council Meeting minutes. Carried.

Motion by Hach, second by Altena, to appoint Dave Rydstrom to fill a vacancy on the **Community Foundation Board**, as a County Representative for the rural area. Carried.

Steve Hammen updated the Board on the **transfer switch** problem of a couple weeks ago, and the replacement of the switch.

The Board discussed the **IT Director** applications that were received, and whether they wanted to interview. Merten will contact Carl @ R & D Industries, with a contract for consulting, on a monthly basis, to keep up to speed on what changes have been made. Hach thinks that the Board should go through the interview process. Merten doesn’t want to interview, since we have a capable person on staff. Arends would rather take the “interim” off of Maymon’s current title, and not interview.

Board recessed for lunch.

**FY’12 budget requests** were received from the following departments: Pam Bogue-Public Health & Homemaker, Kim Johnson-Env Health/Zoning, Steve Hammen-Bldg/Grounds, Sue Lloyd-Auditor, and Paula Guerra-General Relief.
The Supervisors discussed the IT Director position with Interim Director Patti Maymon. The Supervisors decided not to interview for the IT Director position and offered the position to the current Interim Director Patti Maymon, keeping her salary at $41,000 for the remainder of FY’11, and then increase the salary to $45,000 for FY’12. Maymon asked to have the salary increased now, as it will be difficult for her to hire a GIS person for a salary less than $41,000. She would take the position for $45,000. Chairman Arends stated that the Board appreciates what Maymon has done, and they don’t want to lose her. Arends asked the remaining supervisors about Maymon’s counter offer for a $45,000 salary, to start immediately.

Hach left the meeting.

Motion by Altena, second by Merten, to appoint Patti Maymon, as IT Director, and raise her salary to $45,000, effective Monday, January 17, 2011. Ayes: Altena, Arends, Merten, and Ringgenberg. Nays: none.

Motion by Ringgenberg, second by Arends, to adjourn at 4:40 p.m. until Wednesday, January 19, 2011 at 8:30 a.m. for budget reviews. Carried.
Motion by Hach, second by Merten, to adjourn at 2:30 p.m. until Thursday, January 20, 2011 at 8:30 a.m. for budget reviews. Carried.

BOARD OF SUPERVISORS MEETING
FIFTH MEETING, 2011 SESSION (5)
JANUARY 25 2011

The Buena Vista County Board of Supervisors met in special session on Tuesday, January 25, 2011 at 8:30 A.M. in the Boardroom with Vice-Chairman Merten presiding, and the following members present: Altena, Hach, and Ringgenberg, and with Auditor Susan Lloyd as clerk for the meeting. Absent: Arends.
Unless otherwise indicated, all of the following motions offered at this meeting were carried with the following vote: Ayes: Altena, Hach, Merten, and Ringgenberg. Nays: none. Abstentions: none.

Kathy Bach presented the Treasurer’s semi-annual report. Motion by Hach, second by Ringgenberg, to approve, to authorize the Vice-Chair to sign, and to direct that the report be published. Carried.

Engineer Jon Ites reported on the Farm to Market quarterly report. He has also received notice from the State that we are not receiving any FundCo money, the State wide bridge replacement funds. There are limited funds, less than $2,000,000. Cherokee County is the one receiving funds this year.

Engineer Ites asked the Board whether they wanted to go forward with the proposed projects on C29-Kruckman property, and M54-Threshermen site, to bore under these roads. The Albert City Threshermen Committee stated that they would share in the cost, so we are in the negotiating stage now. The Engineer had received a quote on the Kruckman project, but it was too high. He is hoping to go out and get another quote for both projects. The Board discussed the share of participation on the Threshermen project. The consensus was to have the Engineer continue to obtain additional quotes, to see what can be done.

Engineer mentioned the CREP meeting in Fort Dodge that he will be attending on Friday.

Motion by Ringgenberg, second by Altena, to approve the minutes of the 1/18, 1/19, and 1/20 meetings as corrected, and the following reports: Central IA Juvenile Detention Center minutes of 1/7/11, Farm to Market Road Fund Quarterly Report-Oct-Dec, 2010, BVCS Iowa Early Childhood 3-County Board Minutes-December 1, 2010, and Emergency Management Commission minutes-December 28, 2010. Carried.

Assessor Kathy Croker updated the Board on the Tyson assessment appeal. They have settled on a valuation for 2009, 2010, and 2011 of $6,950,000, down $1,550,000 from the current valuation. In 2011, Commercial and Industrial valuations will change, as new assessments will be mailed out. Tyson will not change in 2011, since the court has settled this appeal. No information has been received yet on the assessment appeal of Hy-Vee.

10:00 a.m.—the time arrived for the Public Hearing on the completion of the DD #34 MOD tree removal project, by Schmitt Construction, of Wall Lake, Iowa. The Vice-Chair opened the hearing with Kuehl & Payer’s Brian Blomme, Stanley & Joan Sievers present. Blomme reviewed the contract with Schmitt Construction in the amount of $67,480.00, $2,500 under the original contract bid, due to a landowner removing trees through Section 16, and only grubbing and rubbish disposal was required. The original engineer’s estimate was $86,918.48, which was to $69,980.00 at the time of bidding. Stanley Sievers asked what could be done to evenly distribute the assessments on drainage property? The land he owns closest to the ditch, receives less benefit and has a higher cost than property two miles away, that receives more benefit and is less costly. Blomme agreed with Sievers, stating that the Board is up against a reclassification of DD #34, because all of the property is under one assessment schedule currently, and this is a magnitude of dollars. Iowa Code limits what the Board can do for setting original assessments. If you could have every landowner agree to equal assessments, it could be done, but that won’t happen. Motion by Altena, second by Hach to close the public hearing. Carried.

Motion by Altena, second by Ringgenberg, to accept the project with Schmitt Construction for tree removal in DD #34 MOD as complete, and issue the 10% retainage in 30 days. Carried.
Kelly Lester, **Wellmark Representative** presented health insurance information to the Board for FY’12.

**Budget reviews** of: Supervisor, County Farm, Medical Examiner, Insurance, Debt Service, Non-Departmental, and allocations.

There being no further business, motion by Hach, second by Altena, to adjourn the meeting at 1:15 p.m. until Tuesday, February 1, 2011 at 8:30 a.m. for a regular session. Carried.

BOARD OF SUPERVISORS MEETING
SIXTH MEETING, 2011 SESSION (6)
FEBRUARY 1, 2011

The Buena Vista County Board of Supervisors met in regular session on Tuesday, February 1, 2011 at 8:30 A.M. in the Boardroom with Chairman Arends presiding, and the following members present: Altena, Hach, Merten, and Ringgenberg, and with Auditor Susan Lloyd as clerk for the meeting.

Unless otherwise indicated, all of the following **motions** offered at this meeting were carried with the following vote: Ayes: Altena, Arends, Hach, Merten, and Ringgenberg. Nays: none. Abstentions: none.

8:30—The Chair opened the Public Hearing on the 3rd Reading of **Ordinance 5.8 Weapons Free Zone**. Merten mentioned that he attended a meeting last week, and “Home Rule” was discussed. No counties have passed an ordinance for a weapons free zone, some have defeated ordinances, and some have passed a resolution, which is a little less severe for penalties. The State passes laws, and then leaves it up to the Counties and Cities to tweak the laws to meet their needs, and this is falling into that category. Merten is not in favor to jump into an ordinance, or a resolution right now. Hach was also in the same meeting, and wants to hold off doing anything right now. There were 9 members of the public present: Glen McCannon, John Rehnstrom, Bob Luedke, Jim Treat, Sheriff Launderville, Major Simons, and 3 news media (KAYL, Pilot Tribune, and Storm Lake Times. McCannon stated that any ordinance that you pass is void on its face. He was approached by 2 county employees, and they agreed with him, that signs are not going to change anything, there have been guns going through this building as long as the courthouse has been here. John Rehnstrom presented a letter to the Board about what his thoughts were on this subject, and referenced Code Section 724.28. Altena asked what determines what a weapon is…….what is normal here? Chairman Arends asked Sheriff Launderville what a weapon is. Sheriff Launderville said that anything that is used to inflict harm is a weapon. McCannon asked the Board to provide lockers for people to store their guns, when they come to the Courthouse. Jim Treat commented that he was here to observe, he respects the supervisors, and law enforcement, but we live in a dangerous society, and the normal law abiding citizen isn’t the problem. If a person wants a gun, and can’t get one lawfully, they are going to get it illegally. Sheriff Launderville commented that everybody has lost the most important thing-common sense. You have two sides pushing against each other, and
you have lost the common sense. We are to enforce the laws on the books. The Judge has authority
to make rules for the Courtroom, but not the hallway. Sheriff Launderville stated that in his years of
service, he has had to remove someone’s authority to carry a gun, and they were a law abiding citizen,
their temper and emotions took over. Motion by Ringgenberg, second by Hach to close the public
hearing. Carried.

Motion by Merten, second by Hach, to not pass the 3rd reading of **Ordinance 5.8 Weapons Free
Zone.** Ringgenberg thinks it is important to keep an eye on this issue. Altena, stated that we had
employees that came to us that are in volatile positions and that is why it was brought up. Merten said
that we will keep an eye on this subject and will wait to see what the legislature comes up with. We can
revisit this in the future. Ayes: Altena, Arends, Hach, Merten, and Ringgenberg. Nays none. Motion
carried.

Motion by Hach, second by Ringgenberg, to approve the contract, bond, and certificate of
insurance with Midwest Contracting on **Project #L-CIJ-508--73-11**, to replace a small bridge East
of Hwy 71, and to authorize the Chair to sign. Carried.

Engineer Jon Ites reviewed **legislation** that is pending in Des Moines: HF28-Confinement Siting,
HF59-Complete Streets, HF64-Eminent Domain, requiring the Governor to sign every condemnation,
HF89-Prevailing Wage to be used on all projects, and HJR8-Reducing counties from 99 to 50.

Engineer Ites has received another **quote** on the boring discussed earlier for Kruckman’s and the
Albert City Threshermen site. This quote was better, so they may be able to do both projects for $11,000.

Motion by Ringgenberg, second by Altena, to add one more claim to the **Claims Approval List**
for today, payable to ISAC for $55.00. Carried.

Motion by Altena, second by Merten, to approve the **Claims Approval List** for today. Carried.

Motion by Ringgenberg, second by Hach, to approve the **minutes** of the 1/25 meeting as printed.
Carried.

Motion by Merten, second by Altena, to approve the following **reports:** Mid-Sioux Opportunity,
Inc. September 30, 2010 Audit Report, and NW IA YES Center bed count (1/9-1/15, 1/16-1/22, 1/23-
1/29). Carried.

**Supervisors meeting reports:** Arends has Safety Meeting tomorrow morning, Dept. Head
Meeting on Thursday morning, Iowa Lakes RC & D and Compass Pointe Thursday afternoon, and
Conference Board Meeting Thursday night; Ringgenberg attended Plains Area Mental Health Meeting
last Tuesday, and reported that the Board’s representative, Joanne Lanning will need to be replaced, as
she is moving; Merten attended the New Officer School in Des Moines last Wednesday, and they
discussed Home Rule. He attended the Lake Improvement Commission Meeting last night, and they
went into closed session to discuss the purchase of land, and then decided to make an offer to purchase
land from the Landfill Commission; Hach discussed the NW Regional Housing Trust Fund and the
projects that have been done.

Payroll Deputy Leigh Madsen presented some **vision insurance** information that she had
received from Wellmark. The company is Avesis, which is different from what we currently have. The
only network providers in Storm Lake are Walmart and Exact Eye Care. Both Wellmark and Group
Services will be presenting insurance information to the Board on February 8.
Recorder Shari O’Bannon informed the Board that the Recorders will not be getting the passports, unless they comply. BV County is the only one in the region that would be able to comply and be able to handle passports. O’Bannon was notified that as of March 1, to continue to do the passports. Between March 1 and the end of the year, someone from Dept of State will come for a review and then the County would need to show them the plans. O’Bannon was told not to remodel now, but to wait until the review of the plans, and is given approval. One person has to be assigned to the “passport office”, and cannot work in the Recorder’s Office, since they have vital records in that office. O’Bannon mentioned that it would be nice to have another County employee trained as a backup for this person, but it can’t be anyone that currently works with any vital record. The County receives $25 per passport, and if they would do passport pictures, they could bring in additional money. Also, by bringing in the passport business, being the only one in the region, it will also bring more people to town, and those people will be doing other shopping while they are in town. The Board asked O’Bannon to keep them informed.

Building/Grounds Supt. Steve Hammen has a plan for the proposed office, and will keep it on file.

Motion by Merten, second by Altena, to approve the request for payment to Clay County Secondary Roads, for tile repairs to Jt. DD #22 MOD ($496.00), tile repairs to Jt. DD #22 Branch Main Tile ($384.00), and tile repairs for Jt. DD #22 BR 158 ($306). Carried.

There being no further business, motion by Hach, second by Arends, to adjourn the meeting at 11:40 a.m. until Friday, February 4, 2011 at 9:00 a.m. for a budget session. Carried.
There being no further business, motion by Ringgenberg, second by Arends, to adjourn the meeting at 11:00 a.m. until, Tuesday, February 8, 2011 at 8:30 a.m. for a special session. Carried.

BOARD OF SUPERVISORS MEETING
EIGHTH MEETING, 2011 SESSION (8)
FEBRUARY 8, 2011

The Buena Vista County Board of Supervisors met in special session on Tuesday, February 8, 2011 at 8:30 A.M. in the Boardroom with Chairman Arends presiding, and the following members present: Altena, Hach, Merten, and Ringgenberg, and with Auditor Susan Lloyd as clerk for the meeting.

Unless otherwise indicated, all of the following motions offered at this meeting were carried with the following vote: Ayes: Altena, Arends, Hach, Merten, and Ringgenberg. Nays: none. Abstentions: none.

The Chairman introduced the subject of the Compensation Board recommendations for elected official wage increases for FY’12. The recommendations of the Compensation Board were 5% for Auditor, Recorder, Sheriff, and Treasurer, and 10% increase for the County Attorney, and zero for the Supervisors. The insurance rates haven’t been finalized yet, but the budget was calculated at 5% increase for insurance. The budgets have been figured with a 3% raise increase, and adjusted for the County Attorney and his assistants to 6%. Merten reviewed the ending fund balances with the public, and reviewed the levy rates. Motion by Ringgenberg, second by Altena, to cut the recommendations by 40%, leaving a 3% increase for Auditor, Recorder, Sheriff, and Treasurer, and a 6% increase for the County Attorney. Ayes all. Motion carried.

Auditor Susan Lloyd presented the 2nd draft of the FY’12 budget to the Board for their review. The consensus was to add an additional 1% to the insurance figures for FY’12 since the actual premiums are not known yet.

Motion by Ringgenberg, second by Hach to approve the minutes of 2/1 and 2/4 meetings, as printed, and the following reports: Recorder’s Report of Fees Collected (Oct-Dec, 2010), January Conservation Board Minutes, BV County Solid Waste Commission Executive Board Minutes of 1/9/11 and 1/28/11, and BV County Solid Waste Commission Minutes of 1/13/11. Carried.

Motion by Altena, second by Ringgenberg, to approve and authorize the Chair and Auditor to sign Resolution 2011-02-08A, Intangible Asset Policy. Carried.
Governmental Accounting Standards Board Statement 51, Accounting and Financial Reporting for Intangible Assets, is effective beginning July 1, 2009. The Statement requires the County to capitalize all intangible assets with determinable useful lives, and to amortize those assets accordingly. Intangible assets with indefinite useful lives will be capitalized, however not amortized. Internally generated computer software in the Application Development State per GASB 51 will be capitalized and amortized.

Intangible assets include easements and rights of way, water rights, timber rights, patents, trademarks and computer software. Buena Vista County will include in this policy only those assets which are identifiable, meaning they are separable and arose from contractual or other legal rights, whether those rights are transferable or separable, possessing all of the following characteristics: lack of physical substance, nonfinancial in nature, with an initial useful life beyond a single reporting period. Internally generated intangible assets must meet the Specified-Conditions Criteria of GASB Statement 51 to be covered by this policy. Internally generated computer software can be developed in-house by County personnel, by third party contractor on behalf of the County, or commercially available software purchased or licensed by the County, modified using more than minimal incremental effort before putting it into service.

Any intangible asset which exceeds the County's threshold will be recorded at historic cost, or estimated historic cost, including where applicable, interest and ancillary charges. The threshold is designed to capture 80% of the total cost of the County's intangible assets. The threshold for Buena Vista County is $50,000.

Buena Vista County will not retroactively report intangible assets per GASB 51 since we are a Phase III County. Costs incurred July 1, 2009 and beyond for internally generated computer software in the application development stage will be capitalized providing the costs exceeds Buena Vista County's threshold.

Approved by Board Resolution on February 8, 2011.

/s/ Dale Arends, Chairman, Board of Supervisors................./s/ Susan K. Lloyd, County Auditor

Engineer Jon Ites presented a quote for boring of the Threshermen site and Kruckman's, and asked the Board what percentage of participation the Board wants to ask from them. Arends asked what is customary. Engineer—normally when putting in a culvert for farmers, they pay 100%. Arends feels that this is for an economic good, so maybe the County should help pay. Arends suggested 25% participation would be good. The consensus was to go with a 25% participation from the Threshermen and Kruchman's.

Engineer Jon Ites presented his 3 year employment contract for the Board's review, which includes the following salary increases: 1st year - $94,406 (a 0% increase over FY’11), 2nd year - $96,294 (a 2% increase) and in the 3rd year - $98,220 (a 2% increase). The Board wanted a maximum of one week unused vacation time to be carried over from one year to the next. Motion by Hach second by Altena to accept the proposed engineer’s employment contract, with a maximum carryover of 1 week of vacation. Hach noted that the first year of the Engineer’s 3 year contract will be a zero percent increase, due to having received an increase in FY’11, when the remaining County employees were frozen for wages. Carried.
Motion by Hach, second by Merten, to approve the **underground utility permit** of Interstate Power and Light (Alliant Energy) for a buried natural gas pipe along Business 71/M44/105th Ave. in Section 27, Washington Township. Carried.

Motion by Merten, second by Altena, to approve the **underground utility permit** of Windstream Communications, Inc. for a 25 pair copper telephone cable along the south side of 510th St., in Section 24, Lincoln Township. Carried.

Motion by Merten, second by Hach to approve the payment retainage to Schmitt Construction Company for DD #34 MOD tree clearing project, for $6,748.00, and to authorize the Chair to sign. Carried.

Tom Schuetz-Group Services Representative and Amanda Downey-Wellmark Representative reviewed the newest **employee health insurance** rates. Downey also presented information on a different vision insurance company for the Board to review. No decisions on insurance rates were made at this time.

Motion by Hach, second by Ringgenberg to set the public hearing on the **FY’12 Budget** as March 8, 2011 at 11:00 a.m. in the Boardroom. Carried.

There being no further business, motion by Hach, second by Arends, to adjourn the meeting at 12:35 p.m. until, Tuesday, February 15, 2011 at 8:30 a.m. for a regular session. Carried.

**BOARD OF SUPERVISORS MEETING**
NINTH MEETING, 2011 SESSION (9)
FEBRUARY 15, 2011

The Buena Vista County Board of Supervisors met in regular session on Tuesday, February 15, 2011 at 8:30 A.M. in the Boardroom with Chairman Arends presiding, and the following members present: Altena, Hach, Merten, and Ringgenberg, and with Auditor Susan Lloyd as clerk for the meeting.

Unless otherwise indicated, all of the following **motions** offered at this meeting were carried with the following vote: Ayes: Altena, Arends, Hach, Merten, and Ringgenberg. Nays: none. Abstentions: none.

Nurse Administrator Pam Bogue discussed the **Medicaid Cost Settlement** with the Board. Public Health is required to have a cost report completed each year to determine if their charges to Medicare and Medicaid are sufficient. Last year (FY2008-2009), the cost report indicated the need to repay Medicaid over $45,000, as the cost to provide skilled nursing services had decreased. Changes
were made at that time, already 7 months into the next fiscal year, to correct this situation. This year (FY2009-2010), the cost report indicated the need to repay Medicaid $9,897.

Motion by Hach, second by Altena, to approve the minutes of 2/8, as printed, today's claims approval list, with the addition of the following claims: Iowa Workforce Development -$2,140.00, Group Services-$18,500.00, Wellmark-$73,491, and Knology-$1.77, and to approve the following reports: NWIPDC Policy Council January minutes, February Board of Health minutes, and January Clerk of Court Fees Collected. Carried.

**Supervisor Reports:** Altena attended the Solid Waste Commission Meeting, and updated the Board. Hach and Ringgenberg met with Secondary Road employees again, and it went well. Merten updated the Board on his meeting at Central Iowa Juvenile Detention Center. He discussed how DHS reimbursements were figured in different counties.

David Degner met with the Board to discuss DD #35 and the possibility of annexing additional land in to the district. Years ago, private tile was placed, and it was not part of the district, yet the land owners are receiving the benefits of being a part of the drainage district. Ivan Droessler, Kuehl & Payer Engineer, commented that the Board can do an annexation without a petition. Droessler recommended going over the assessment schedule, finding out who is part of the original assessment schedule, and then finding the property that is receiving benefit and add them to the district. Motion by Merten, second by Arends, directing Engineer Ivan Droessler to investigate the DD #35 tile boundaries and original assessment schedule, and to determine what property is not included within the district. Carried.

Ivan Droessler, Kuehl & Payer Engineer, updated the Board on the Iowa Plan Wetland Project.

There being no further business, motion by Merten, second by Arends, to adjourn the meeting at 11:00 a.m. until, Tuesday, February 22, 2011 at 8:30 a.m. for a special session. Carried.

**BOARD OF SUPERVISORS MEETING**
**TENTH MEETING, 2011 SESSION (10)**
**FEBRUARY 22, 2011**

The Buena Vista County Board of Supervisors met in special session on Tuesday, February 22, 2011 at 8:30 A.M. in the Boardroom with Chairman Arends presiding, and the following members present: Altena, Hach, Merten, and Ringgenberg, and with Auditor Susan Lloyd as clerk for the meeting.

Unless otherwise indicated, all of the following motions offered at this meeting were carried with the following vote: Ayes: Altena, Arends, Hach, Merten, and Ringgenberg. Nays: none. Abstentions: none.
CPC Dawn Mentzer discussed options for **substance abuse contracts**. The Jackson Recovery/Synergy Center substance abuse contract includes proposed changes to their rates. The rate would increase from $65/day to $120/day, along with a $250 down payment for a person receiving treatment. Another option to consider would be to contract with Community Family Resources, Fort Dodge. Since Community Family Resources is state funded, the County only pays for detox services. The fees would be $267/day, max of 3 days for alcohol, max 6 days for drugs. The last option would be to continue as we are, and not sign any contract with either one. Motion by Hach, second by Altena to not approve the Jackson Recovery contract for substance abuse. Ayes: Altena, Arends, Hach, Ringgenberg. Nays: none. Abstentions: Merten  Motion Carried.

They would receive .07/gallon for what is applied in BV County, and there would be a cost to the pumper for inspecting the equipment. This would amount to approximately $400-$500 per year in revenue.

ELEVENTH MEETING, 2011 SESSION (11)
MARCH 1, 2011}

The Buena Vista County Board of Supervisors met in regular session on Tuesday, March 1, 2011 at 8:30 A.M. in the Boardroom with Chairman Arends presiding, and the following members present: Altena, Hach, Merten, and Ringgenberg, and with Deputy Auditor Leigh Madsen as clerk for the meeting.

Unless otherwise indicated, all of the following \textbf{motions} offered at this meeting were carried with the following vote: Ayes: Altena, Arends, Hach, Merten, and Ringgenberg. Nays: none. Abstentions: none.

County Attorney David Patton and Conservation Director Nate Young were present to discuss the Weed Commission. According to the Code of Iowa the Weed Commission is under the direction of the Board of Supervisors. However, the Board of Supervisors can appoint someone such as the Conservation Director to oversee the day to day operations. The appointee would make recommendations to the Board, and then the Board would make the decision. The appointee could then be directed to take action as needed. Patton recommended that a resolution be adopted to cover the details. The resolution from 2004 does not cover these issues. The Board asked Young to bring this matter to the attention of the Conservation Board and ask them to come up with their ideas for items to be included in the resolution.
Motion by Merten, second by Altena, to approve the minutes of 2/22, as printed, and the following reports: December Buena Vista VA Commissioner Board Meeting and January Buena Vista VA Commissioner Board Meeting. Carried.

BOARD OF SUPERVISORS MEETING
TWELVTH MEETING, 2011 SESSION (12)
MARCH 8, 2011

The Buena Vista County Board of Supervisors met in special session on Tuesday, March 8, 2011 at 8:30 A.M. in the Boardroom with Chairman Arends presiding, and the following members present: Altena, Hach, Merten, and Ringgenberg, and with Auditor Susan Lloyd as clerk for the meeting.

Unless otherwise indicated, all of the following motions offered at this meeting were carried with the following vote: Ayes: Altena, Arends, Hach, Merten, and Ringgenberg. Nays: none. Abstentions: none.

Sheriff Gary Launderville presented an update on his department. He reviewed his department's vacation and comp time. His department is working on reducing their hours. Two of the newest deputies are currently attending academy classes at WIT for 8 weeks, and another deputy will attend later.

Sheriff Launderville reported that Dewyne Stucynski has resigned from doing the maintenance for the Law Enforcement Center. Building/Grounds Supt. Steve Hammen has spent a lot to time at the LEC with repairs, and cleaning carpets, and the Sheriff thanked Hammen and wanted the Board to know that he has been pleased with Hammen's work. Hammen proposed adding another full-time person to his department that would perform maintenance at the LEC and also the East Richland Annex. Funds would be used from the LEC budget and Hammen's budget, to cover the cost of this employee. Motion by Hach, second by Ringgenberg, to authorize the Buildings/Grounds Supt. to advertise and hire another full-time person for his department, to start July 1, 2011. Carried.

Sheriff Launderville mentioned that the interview rooms at the LEC were needing repairs to the audio and video equipment used for recording. Launderville contacted Professional Electronics to see about the repairs, and was given a quote of $1,800. Pat Petersen, Professional Electronics decided to donate this repair to the County.

Sheriff Launderville reviewed his budget amendment needs. Overall, the grand total of his budget is on target; however, his jail portion is going to be over budget. Launderville will need to amend for the contract law enforcement expense and revenue for the City of Alta, which was something new this fiscal year, along with higher costs in the jail. He is also expecting a large bill to come from Oakdale for a prisoner.
Veterans Service Officer Gar Otto introduced Mauricia Proper as the new candidate for serving on the Veteran’s Commission. Motion by Merten, second by Hach, to appoint Mauricia Proper to the BV Co Veteran's Affairs Commission, replacing Mary Mix who resigned. Ayes—Arends, Merten, Ringgenberg, Hach; Nays—none. Carried.

Motion by Altena, second by Hach, authorizing the Auditor to sign the renewal agreement for Election Systems and Software, Inc, for a 3-year contract starting January 1, 2011 and ending on December 31, 2013. Carried.

Assessor Kathy Croker informed the Board about the Hy-Vee lawsuit regarding their new valuation. The valuation will be changing for 2011, and will be reduced by $50,000. Croker also said that on Thursday, new valuations will be sent out. Market indicates residential is being assessed just below what they are actually selling for, so there will not be a valuation increase, unless there were changes made by the property owner for new construction. Commercial property is at 94.5%, so they would have to send out new valuations, since they are under 95%. Commercial property will be increasing overall 8%, some are going up and some are going down. Agricultural land is based on productivity for the years 2005-2009. Ag values are going up 24%, and the statewide average is 25%.

Engineer Jon Ites discussed his department’s activities. They will be testing the new snow blower today.

Motion by Hach, second by Altena, to approve the minutes of 3/1, as printed, and the following reports: February Conservation Board minutes, NW IA YES Center bed count (1/28-2/26), and Solid Waste Commission minutes for February. Carried.

Motion by Ringgenberg, second by Altena, to approve and authorize the Chairman to sign the 3 year renewal agreement with CASI, for cost allocation services starting with fiscal year 2011. Carried.

Env Health/ Zoning Director Kim Johnson presented information on the Board of Health Workshop to be held April 20, 2011 in Sioux City, and invited the Board to attend.

Supervisor Ken Hach discussed the Buena Vista Farmers Guild, and discussed whether they would be allowed to set up on the Courthouse property again. The consensus was to allow Buena Vista Farmers Guild to use the Courthouse property, if they so choose.

The Chair opened the hearing on the FY’12 Buena Vista County Proposed Budget. In addition to the Board, 9 persons were present including 8 department heads and one member from the public. The Chair reviewed the highlights of the budget including: reducing the General Supplemental levy slightly and keeping the other levies the same; the Board was very happy with response from Department heads to try and work within the 3% allowable growth on their budgets; the Board was able to grant raises, since the County appears to be in good shape; and the ending fund balances appear to be stronger than what we had hoped. Motion by Hach, second by Ringgenberg to close the public hearing. Motion by Altena, second by Hach to approve and authorize the Chair to sign the FY’12 budget as published. Carried.
There being no further business, motion by Altena, second by Arends, to adjourn the meeting at 11:14 a.m. until, Tuesday, March 15, 2011 at 8:30 a.m. for a regular session. Carried.

The Buena Vista County Board of Supervisors met in regular session on Tuesday, March 29, 2011 at 8:30 A.M. in the Boardroom with Chairman Arends presiding, and the following members present: Altena, Hach, Merten, and Ringgenberg, and with Auditor Susan Lloyd as clerk for the meeting.

Unless otherwise indicated, all of the following motions offered at this meeting were carried with the following vote: Ayes: Altena, Arends, Hach, Merten, and Ringgenberg. Nays: none. Abstentions: none

Nurse Administrator Pam Bogue met to discuss her budget amendment requests. Her department has had additional revenues of $21,916 and will need an additional $35,133 to cover added expenditures for H1N1, Family Steps, and Emergency Preparedness.

Engineer Jon Ites informed the Board that he received notice that the Vestal Street project is in the May letting.

Motion by Hach, second by Merten, to approve the contract with Allied Manatts Group, LLC, Charles City, Iowa, on Project #STP-S-CO11(77)-5E-11, for a total cost of $905,925.15 and to authorize the Chair to sign. This project is for the C-29 overlay project from N-14 east to the County line. Carried.

Engineer Jon Ites discussed the letter received from the City of Storm Lake regarding work to be done on DD #193. He questioned the City about why they were not using the existing line, but creating a new line on the north side of the road. They are only improving DD #193 in 2 locations, instead of improving all of the drain on the property. Motion by Hach, second by Merten to not approve the proposed DD #193 tile relocation, and request that the City of Storm Lake consider the alternate that Engineer Jon Ites has brought to their attention, and to authorize the Auditor to send a letter to Kuehl and Payer notifying them of this decision. Carried.

Engineer Ites discussed the motor grader scheduled for 2012. Since they don’t want to go with tier 4, they need to negotiate now, in order to hold them for purchase. Motion by Arends, second by Altena, authorizing the Engineer to start negotiating for a 2011 tandem motor grader, to be delivered in 2012. Carried.

Engineer Ites discussed the letters that have been received on the C65 project, and mentioned that the contractor will be back once the frost is gone, but nothing can be done until that time. He stated that sometime during any project, you are not in compliance.

The Board received a request from Buena Vista County Recycle Center for grading work on the north side of their building and compost pad by the Secondary Roads Department. Solid Waste Commission Chairman Dave Wiley was present for the discussion. Wiley will see that the Engineer receives a copy of the specifications in order to bid on this project.

Sheriff Gary Launderville met to discuss the problems they are having with their water softener and the city water. They have tried to get the company to fix it, and nobody is doing anything about it. The suggestion from Seiler Plumbing is to take it out, and replace it. Sheriff Launderville will be passing this on to the Project Manager so that they don’t use this softener again in future projects. Currently, they
are going through 400 lbs. of salt per week. The cost estimate for a new softener, including installation is about $13,000. This is also causing the problems they are having back in the jail to replace valves. They have also removed large amounts of lime from the hot water heaters.

Payroll Deputy Leigh Madsen discussed the newest rate proposals received for the County’s health insurance. If we renew without making any changes, the increase would be 6.5%. By making the changes proposed, the increase would be 1.4%. Motion by Merten, second by Hach, to approve the newest proposal for health insurance, increasing the coinsurance to 15%, removing the out of pocket maximum for RX’s, adding a $100/$200 deductible to the RX’s, and increasing the co-pay for tier 3 RX’s to $50, to go into effect August 1, 2011, with payroll deductions starting July 1. Carried.

Hach left the meeting.

Motion by Ringgenberg, second by Altena, to approve and authorize the Chair to sign the contract for Delta Dental insurance for FY’12. Ayes: Altena, Arends, Merten, and Ringgenberg. Nays: none. Motion carried.

Hach returned to the meeting.

Bldg/Grounds Supt. Steve Hammen met to discuss hiring a new employee, and the changes that will be made to his department’s hours. No decisions were made at this time.

Environmental Health/Zoning Administrator Kim Johnson met to discuss flood plains. There will be a public hearing on the Flood Plain Resolution on April 5, 2011, at 8:30 a.m. in the Boardroom.

Richard Fondroy met to discuss DD #34 Lat 5 drainage problems with the Board. Supervisor Arends, Supervisor Merten, and Engineer Jon Ites have gone out to look at the problems and discussed it with Fondroy. A cleanout needs to be done, but the likelihood of the work being done this spring is doubtful, it would have to be in the fall time. Depending on the cost, there will be hearings before any work is done.

Motion by Altena, second by Ringgenberg, to approve the minutes of the March 15 meeting, as printed, today’s claims approval list, and the following reports: February Clerk of Court Fees Collected, February Veterans Commission Board minutes, FY’12 Buena Vista County Audit Report, and March Board of Health minutes. Carried.

Motion by Merten, second by Hach to approve and authorize the Chair to sign the Class C liquor license application for Little Sioux Golf & Country Club, including outdoor and Sunday sales. Carried.

Motion by Hach, second by Altena, to approve JT. DD #105-64 claim payable to BV County Secondary Roads in the amount of $808.05. Carried.

Motion by Hach, second by Ringgenberg, to approve JT. DD #109 claim payable to BV County Secondary Roads in the amount of $193.78. Carried.

Auditor Susan Lloyd reviewed the Memorandum of Understanding with Cerro Gordo County regarding the Precinct Atlas Program used during elections. Cerro Gordo County developed the program and had worked with the prior Secretary of State to distribute the program free to the counties, and continued to maintain the program for law changes. The Secretary of State’s Office is no longer going to be involved with the program, and in order to maintain the existing program and any future updates that are required, Cerro Gordo County is requesting a maintenance fee schedule in order to provide the necessary updates through June 30, 2013. Env Health/Zoning Director Kim Johnson discussed the Board of Adjustment Districts, and how the Supervisors would like her to proceed to appoint a replacement for one, possibly two of its members. Since 1966, the members of the Board of Adjustment have been selected by Supervisor district. However, Johnson stated that they are not required to be chosen in that fashion. Johnson proposed a map, dividing the rural areas into 5 districts for the Board of Adjustment membership, which is described as:

**District 1** - Commencing at the Northwest corner of Section 6, Brooke Township; Thence East, along the North line of said Section 6, Brooke Township and continuing East to the Northeast corner of Section 3 Barnes Township; Thence South, along the East line of said Section 3, Barnes Township and continuing South to the Southeast corner of Section 3, Washington Township; Thence West, along the South line of said Section 3, Washington Township and continuing West to the Southwest corner of Section 6, Nokomis Township; Thence North, along the West line of said Section 6, Nokomis Township and continuing North to the Northwest corner of Section 6, Brooke Township, also the Point of Beginning.

**District 3** - Commencing at the Northwest corner of Section 1 Lee Township; Thence East, along the North Line of said Section 1, Lee Township and continuing East to the Northeast corner of Section 1, Poland Township; Thence South along the East line of said Section 1, Poland Township and continuing South to the Southeast corner of Section 24, Coon Township; Thence West, along the South line of said Section 24, Coon Township and continuing West to the Southwest corner of Section 24, Grant Township; Thence North, along the West line of said Section 24, Grant Township and continuing North to the Northeast corner of Section 1 Lee Township, also the Point of Beginning.
Northwest corner of Section 7, Nokomis Township; Thence East, along the North line of said Section 7, Nokomis Township and continuing East to the Northeast corner of Section 10, Washington Township; Thence South, along the East line of said Section 10, Washington Township and continuing South to the Southeast corner of Section 34, Hayes Township; Thence West, along the South line of said Section 34, Hayes Township and continuing West to the Southwest corner of Section 31, Maple Valley Township; Thence North, along the West line of said Section 31, Maple Valley Township and continuing North to the Northwest corner of Section 7, Nokomis Township, also the Point of Beginning. District 5 – Commencing at the Northwest corner of Section 26, Washington Township; Thence East, along the North line of said Section 26, Washington Township and continuing East to the Northeast corner of Section 25, Coon Township; Thence South along the East line of said Section 25, Coon Township and continuing South to the Southeast corner of Section 36 Newell Township; Thence West, along the South line of said Section 36, Newell Township and continuing West to the Southwest corner of Section 35 of Hayes Township; Thence North, along the West line of said Section 35 of Hayes Township and continuing North to the Northwest corner of Section 26 of Washington Township, also the Point of Beginning. Motion by Hach, second by Altena, to approve and authorize the Chair to sign the tree removal claim for $4,590.00 to be paid to J&N Farms Inc. for work done on **Jt. DD #14-42 Main Open Ditch**. Carried.

Motion by Altena, second by Ringgenberg, to approve the minutes of the April 26 meeting, as corrected, and the following reports: April 19 Board of Health minutes, Regional Transit Authority FY’10 Audit Report, NW Iowa Planning & Development Commission FY’10 Audit Report, and BV County Tourism Report. **STP Funding** has to be adjusted by 2 million dollars in the next 3 years. Also, the **BROS Funding** will be dropping approximately $75,000. Still have 3 projects in the works, and depending on the federal funding in the next 3 years, these projects might have to be adjusted.

Motion by Hach, second by Ringgenberg, to approve and authorize the Chair to sign the **underground utility permit** for Iowa Telecommunication Services, Inc., Newton, IA, for placement of 1,071’ of 50 pair copper telephone cable on M27, near the Midwest Christian Childrens Home, north of C16. Carried.

**Secondary Road Report**—DD #64 drainage issue was discussed in Grant Township. A tile line has failed, and there is 5’ of water in the ditch, and the field and road is saturated and seeping. The problem is how to fix the tile and get the water moving. Engineer doesn’t want to fix it, since it shouldn’t be the whole county paying for repairs on something they didn’t cause. It is going to take action by the Board as trustees of DD #64. Engineer Ites suggested that the Board go out and look at the road, and then as trustees of the drainage district, talk to the neighbor to the north, and see if he can accommodate the water coming across from the pond.
Buildings/Grounds Supt. Steve Hammen reviewed the job description and ad for his new hire. Applications will be taken through May 27, with the actual start date to be around July 5.

Marilyn Monson reviewed the county tourism with the Board. The historic sites brochure is done, and has been distributed. All of the schools have been contacted three times about the Heritage Bus Tours, and she will be asking for an extension on the grant, since there is over $600 left in the fund. Monson updated the Board on the Western Iowa Tourism meeting that was in Glenwood on April 20th. Her claim for reimbursement for mileage of $48.96 and registration fee of $20 was submitted.

Mike Jones, Vision Care Direct Representative, presented information to the Board about a new vision program. Vision Care Direct is a membership plan supported by eye doctors, and is not an insurance company. Motion by Hach, second by Altena, to change the County’s eye care company to Vision Care Direct, to the Platinum Plan, $130 frame or $130 contact lens option, including $180 progressive lens allowance, with the County to continue to pay the single premium only, and the employee to pay the additional fees for family coverage, effective August 1, 2011. Carried.

Steve Hammen discussed the starting day for the Veterans Monument project. According to the Veterans Monument Project Committee, they have contracts for June, to start cement work. Hammen doesn’t want to start until after July 1, due to the ground conditions, Memorial Day ceremony, availability of the Secondary Road Department to remove the stones, and having funds in the new budget year. Hammen will attend the next committee meeting, and will report back to the Board of Supervisors on May 10.

There being no further business, motion by Hach, second by Arends, to adjourn the meeting at 11:50 a.m. until, Tuesday, May 10, 2011 at 8:30 a.m. for a regular session. Carried.

BOARD OF SUPERVISORS MEETING
TWENTY-THIRD MEETING, 2011 SESSION (23)
MAY 25, 2011

The Buena Vista County Board of Supervisors met in special session on Wednesday, May 25, 2011 at 12:00 P.M. in the Boardroom with Vice-Chair Merten presiding, and the following members present: Altena, and Ringgenberg, and with Auditor Susan Lloyd as clerk for the meeting. Absent: Arends and Hach

Vice-Chair Merten called the special meeting to order regarding the C65 project with Aaron Brees-Attorney for IDNR, Tom Roos (DNR), Julie Sievers (DNR), County Attorney Dave Patton, and County Inspector Tim Cavanaugh present. Vice-Chair Merten explained that the Board wanted a meeting with IDNR to talk about the Administrative Consent Order that the County received regarding the C65 road project, and to obtain more information from IDNR as to the extent of the problems.

Chairman Arends arrived at the meeting.

IDNR Officer Tom Roos reviewed the facts of the case, starting with the complaint received by the Field Office 3 alleging that the required sediment and erosion control measures were not in place. IDNR investigated the complaint, and met with County Inspector Tim Cavanaugh to review the requirements of General Permit No. 2 and the Project's Storm Water Pollution Prevention Plan. IDNR stressed that all storm water control measures needed to be in place prior to the onset of winter. In February, the IDNR received two more complaints against the project. After investigation of the complaints, a notice of violation letter was sent to the County detailing the findings of the investigation. The County did install silt fencing, but in April, IDNR found these control measures to be ineffective with the silt fences undermined and/or overtopped following the first significant rain event. IDNR stated that since the rain event, the County had made no effort to repair or replace the damaged control measures.

Arends asked IDNR Officer Roos if the rules and regulations had changed recently regarding these projects and dealing with storm water pollution prevention. IDNR Roos stated that the regulations had not changed for a project this size. The rules have been in place since the early 1990's.

Attorney Dave Patton asked IDNR if they expect that every night the silt fences are in the ditch, and IDNR Roos said that was part of the ballgame. If the contractors need to stop early in order to put the silt fences back up, then that is what they have to do. Roos commented that the whole site was worked up at once, instead of phasing a mile at a time. Patton stated this needs to be addressed in the contract.
IDNR Julie Sievers stated that the contractors all know the rules, and it is part of the plan and in the bidding documents. Arends commented if the contractors know the rules, then they should know if they remove the silt fences, they have to go back up at night, and they shouldn’t have to be told to do so. They are putting the inspectors in a tough spot.

Merten asked about inspecting and how often it needed to be done. IDNR Roos stated that every seven days, the site needs to be inspected, and after a half inch of rain. Roos stated that he inspected the site this morning. He would like to sit down with Inspector Cavanaugh and go over the inspection logs. Patton asked how long the silt fences need to remain, and Roos stated that until the area is 70% vegetated. Roos stated that IDNR wants to know there is progress, and they want communication. When letters are sent by IDNR, they expect a response.

Merten asked about the penalty, and IDNR Attorney Brees stated that he wouldn’t discuss it in the meeting, but would talk with County Attorney Dave Patton about it.

There being no further business, motion by Altena, second by Ringgenberg, to adjourn the meeting at 12:45 p.m. until, Tuesday, May 31, 2011 at 8:30 a.m. for a special session. Carried.
Motion by Merten, second by Ringgenberg, to approve the minutes of the May 24 and May 25 meetings, as corrected, and the following reports: FY’10 Central IA Juvenile Detention Center Audit report. Carried.

Engineer Jon Ites presented the site monitoring report for the Hudson St. L.U.S.T. site. The site is still on the list for reporting, due to the plastic water line the city installed, across the street to the West.

Motion by Hach, second by Altena, to approve the quote received from Bargen, Inc., Mountain Lake, MN, to seal the old portion of the roof on the Linn Grove county shed building, for a total of $5,706.33. Carried.

Engineer Jon Ites reported on the current balance of the Farm to Market Fund, estimated to be $857,785 by the end of June, with 1.08 years of funding available. The County could borrow ahead, up to $4.8 million.

Engineer Ites reviewed information regarding the letter received from Buena Vista County Soil & Water Conservation Commissioners about a soil loss complaint. Ites and a couple supervisors will meet with the commissioners on Friday to discuss the complaint.

Motion by Ringgenberg, second by Hach, to approve and authorize the Chair to sign the Delta Dental Eligibility form, making no changes to the current policy. Carried.

BOARD OF SUPERVISORS MEETING
TWENTY-SEVENTH MEETING, 2011 SESSION (27)
JUNE 21, 2011

The Buena Vista County Board of Supervisors met in regular session on Tuesday, June 21, 2011 at 8:30 A.M. in the Boardroom with Chairman Arends presiding, and the following members present: Altena, Hach, Merten, and Ringgenberg, and with Auditor Susan Lloyd as clerk for the meeting.

Unless otherwise indicated, all of the following motions offered at this meeting were carried with the following vote: Ayes: Altena, Arends, Hach, Merten, and Ringgenberg. Nays: none. Abstentions: none

Motion by Altena, second by Ringgenberg, to amend today’s agenda by adding a fireworks permit application for Paul Merten, and to add an additional expense claim for $56.00 payable to Storm Lake Postmaster. Carried.

Tim Pierce, Stille Pierce Pertzborn Insurance, met to review the county’s insurance policy renewal for FY’12. The biggest share of the increase in premium comes from the Workers Comp policy. All of the rates have gone up on workers comp, and there was an increase in the modification factor. There is also an increase in the Ocean Marine Hull and Protection & Indemnity policy.

Harry Schaller, Trustee of the Southwest Area Sanitary Sewer District, met to review their current situation in developing their own sanitary sewer project, and their meetings with the City of Storm Lake. Schaller reviewed their project, and didn’t request anything specific, but would like to know if the county would be able to help them. Hach asked the rest of the board for the consensus on helping the district, and Arends and Merten stated that they are listening to the residents of the district, and they want to stay in the county, so the Board is trying to do what they can to help them to do that. Basically, the district is asking for abatement, and Arends stated that the board will have to look at who benefits from this decision.

Motion by Merten, second by Altena, to approve the hiring of Eric Chase, as the GIS Coordinator for Buena Vista County, to start June 20, at a salary of $35,000. Carried.
Jeff Heil, Northland Securities Inc., presented some ideas to the Board regarding the **Southwest Area Sanitary Sewer District’s** request for help from the County. The Board has a few options to consider, which include: abatement of the county’s portion of taxes, if there were hardship cases; subsidy type of program, either from a cash grant, or bonding; or creating an urban renewal area, due to economic development.

Jeff Heil also discussed refinancing of the **Law Enforcement Center bonds**. There would be a savings to the County to refinance these bonds, and Heil suggested that the Board make a decision soon. The Board will take this under advisement, and will make a decision at their 28th meeting.

Mike Rust discussed the voluntary annexation of the County road right-of-way, within the Bel Air Beach Plat, into the City of Lakeside. So far, 86% of the Bel Air Beach residents are in agreement to annex with Lakeside. The road to be included in the annexation would be Mallard, Perch, Bass, and Pheasant. Motion by Hach, second by Ringgenberg, to approve the voluntary annexation of the County road right-of-way within the Bel Air Beach Plat, which includes the streets of Mallard, Perch, Bass, and Pheasant, and to authorize the Chair to sign. Carried.

Brian Blomme, Kuehl & Payer Engineering, discussed **DD #34 Lat 5** problems. Lateral 5 is located in Sections 9, 10, 11, 15, 16, and 22, all in Lincoln Township. The open ditch serves as an outlet for the DD #58, DD #122, and DD #169 tile districts. Blomme has completed a preliminary visual field investigation and report. There are pipes that are reaching their 40 year life spans, over bank washes, sluffs along the banks, and there is a loss of vegetation on the banks. A lot of issues need to be taken into account, and if there is to be a full cleanout, it needs to be done right, so we don't have to do something again later. The supervisors asked about reclassification, and Blomme stated that if a major project is to be completed on a lateral within a Drainage District, the drainage law says that you shall reclassify and charge the project to only the lateral where work is to be done. The supervisors have the same decision as presented on the proposed project for DD #34, Lat 2. Drainage District No. 34 can be completely reclassified, or just Lateral No. 5 can be reclassified. A survey would need to be completed in order to supply the Board of Supervisors with a cost estimate for any proposed project. Board member Arends is to discuss preliminary findings and report with landowners within Lateral No. 5 to see if anyone is interested in signing a petition for cleanout.

Motion by Merten, second by Hach, to set July 12, at 8:30 a.m. for a **public hearing** on Steve Kier’s construction permit application for the Phoenix facility, adding on to the existing turkey building. Carried.

Motion by Merten, second by Altena, to approve the **minutes** of 6/14, as printed, today's claims approval list, with the additional $56 Postmaster claim, and the following **reports**: NW IA Regional Housing Trust Fund Accomplishments, May 24 Board of Health minutes, and May Clerk of Court fees collected report. Carried.

Motion by Hach, second by Merten to approve and authorize the Chair to sign the **fireworks permit** submitted by David & Paula Balder, Albert City, for July 3, with David Balder being responsible for all safety and liability. Carried.

Motion by Altena, second by Hach, to approve and authorize the Chair to sign the **fireworks permit** submitted by Robert Witzke, Newell, with Robert Witzke being responsible for all safety and liability. Carried.
Motion by Hach, second by Ringgenberg, to approve and authorize the Chair to sign the fireworks permit submitted by Paul Merten, Storm Lake, for July 3rd, 4th, or 30th, with Paul Merten being responsible for all safety and liability. Ayes: Altena, Arends, Hach, Ringgenberg. Nays: None. Abstentions: Merten. Motion Carried.

Motion by Ringgenberg, second by Hach, to void and reissue check #227545-$80 issued 7/23/10 to Verizon, as it has been lost. Carried.

Motion by Merten, second by Altena, to approve and authorize the Chair to sign an amendment to the Employee Handbook (Section 4.3) hours of work for Buildings/Grounds Staff (43 hours/week) and Superintendent (45 hours/week); (Section 5.2) vacation pay for Buildings/Grounds staff (43 hours/week) and Superintendent (45 hours/week); (Section 5.3) sick leave for Buildings/Grounds Staff (8.6 daily hours, 10.75 monthly hours, 1,032 maximum hours) and Superintendent (9.0 daily hours, 11.25 monthly hours, 1,350 maximum hours), effective July 1, 2011. Carried.

Motion by Merten, second by Ringgenberg, to approve and authorize the Chair to sign Resolution #2011-06-21-A, combining the Conservation Department and Weed Department. Carried.

GIS Coordinator Eric Chase and Auditor Susan Lloyd discussed the County voting precinct boundaries, and the changes, due to the 2010 Census. Motion by Ringgenberg, second by Hach, to change the existing precinct line for the SRL Precinct, to encompass the whole city limits of Sioux Rapids, so all residents will be voting in the SRL Precinct, and to set a public hearing for August 30, at 8:30 a.m. in the Board of Supervisors Room of the Courthouse. Carried.

City Clerk Justin Yarosevich and City Administrator Jim Patrick met with the Board to discuss a memorandum agreement between the City and the County regarding voting precincts. Due to the 2010 Census lines and annexations, three of the Storm Lake Precincts are composed partially of unincorporated territory. Therefore, some rural residents will be voting in a City precinct, however, they will still be voting their rural ballot. Motion by Ringgenberg, second by Altena, to approve and authorize the Chair to sign the Memorandum Agreement between the City of Storm Lake and Buena Vista County. Carried.

MEMORANDUM OF AGREEMENT

The parties to this agreement are the City of Storm Lake Iowa ("City"), and Buena Vista County, Iowa (county). This agreement is entered into as of August 15, 2011.

WHEREAS:

1. Following the federal decennial census, and after the redistricting of congressional and legislative districts, city councils and county boards of supervisors are required to complete any changes in precinct and ward boundaries (for cities) or precinct and supervisor districts (for counties).

2. Election precincts which are composed partially of unincorporated territory within a county and partially of part of a city may be established, if an agreement which is mutually satisfactory to the board of supervisors of the county and to the city council of the city is adopted and submitted to the state commissioner as part of the certification of precinct boundaries.

3. The City and County desire to have three combined precincts, namely Storm Lake 1, Storm Lake 2 and Storm Lake 3.

Therefore, the parties agree to the provisions set forth below.

1. Storm Lake 1 shall be composed of an incorporated population of 2,747 persons who are residents of City and an unincorporated population of 54 persons who are residents of Hayes Township, in County, as is shown on the map attached hereto.

2. Storm Lake 2 shall be composed of an incorporated population of 2,447 persons who are residents of City and an unincorporated population of 28 persons who are residents of Washington Township, in County, as is shown on the map attached hereto.
3. Storm Lake 3 shall be composed of an incorporated population of 2,007 persons who are residents of City and an unincorporated population of 22 persons who are residents of Hayes Township, in County, as is shown on the map attached hereto.

Dated this 9th day of August, 2011.

PASSED, APPROVED AND ADOPTED this 16th day of August, 2011.

/s/ Dale Arends, Chair, Board of Supervisors

/s/ Susan K. Lloyd, Auditor

Motion by Ringgenberg, second by Hach, to approve the fireworks application of Donna M. Biggins for September 4, 2011, with Biggins being responsible for all safety and liability. Carried.

Motion by Ringgenberg, second by Altena, to approve and to authorize the Chair to sign the amended Memorandum Agreement with the City of Storm Lake for voting precincts, with updated population figures. Ayes: Altena, Arends, Merten, and Ringgenberg. Nays: Hach. Carried.

Engineer Jon Ites reported that the IDOT patching project on Hwy 3 from Hwy 71 to the Pocahontas County line will start on August 24, and will have pilot cars. The patching project for Hwy 7, by Newell, will start August 30. There will be a preconstruction hearing on August 18 for the Hwy 71 patching from Hwy 3, north to the Clay County line.
Motion by Arends, second by Hach, to approve and authorize the Chair to sign the contract to purchase 10,000 ton of gravel from Higman Sand & Gravel, Washta, Iowa, including hauling to the stockpile site in Maple Valley Township, on C65, at a total cost of $90,000. Carried.

Engineer Jon Ites is working on Secondary Road Departmental Rules and would like the Board to consider changing the wording, that any hours worked during an emergency or a disaster on a Saturday or Sunday, be automatically considered overtime, to solve some of the problems they have when FEMA and Homeland Security come in for reviews. The consensus was to have the Engineer check with the County Attorney for correct wording on changing the Departmental Rules, and the Board will look at it again.

The Chair re-convened the Public Hearing of 7/19 on the Road Closing/Vacation on that portion of 470th St. between the SW ¼ of Section 26-93-36 and the NW ½ of Section 35-93-36, with Dwight Young, Tom Cavanaugh, Mike Ehlers, and two media present. At the 7/19 Public Hearing, there was interest in vacating a further stretch of road to the bridge. Engineer Jon Ites has gone out to look at the site, and this would add 1,000' to the road closing/vacation, and the cost would be about $4,000, if the fence is still there. If the fence is removed, and depending on what happens with the trees, Ites estimates a cost of $3,000. The culvert would be removed, but Engineer Ites isn’t sure about the wet spot, whether there is enough material there to solve the problem. If the Board decides to close the road, the vacation wouldn’t be complete, until all conditions are met. Tom Cavanaugh asked when it would be done, would it be done before spring planting? Engineer Ites can’t guarantee that, but would hope to have it done. Owner asked about a gate, to keep sight-seers from coming down the road and then getting stuck. Engineer Ites said that the first ½ mile, that is still open, will be signed. The owners can request a Class C road, where it is gated and only owners have keys to the lock. Dwight Young asked the Board who was going to pay, and for what? Engineer Ites stated that the Supervisors decide what the stipulations will be, and what the cost participation will be. Young’s concern is that it gets done, and would like it done this fall. The Board wants to be cooperative with the landowners. Cavanaugh asked Ites if the ground would be back to “farmable”, and Engineer Ites stated that the area will be leveled, but it may not be back to “farmable” if there isn’t enough material there. Engineer Ites would prefer to have the landowner contract to get the work done, and have the County participate with a dollar amount. Hearing no other comments, motion by Hach, second by Altena to close the public hearing. Carried. Cavanaugh, Young, and Engineer Ites will get together to discuss costs, and report back to the Board on cost share.

Motion by Merten, second by Ringgenberg, to close that portion of 470th St, between the SW ¼ of Section 26, Township 93 North, Range 36 West of the Fifth Principal Meridian (5th P.M.), and the Northwest Quarter (NW ¼) of Section 35, Township 93 North, Range 36 West of the Fifth Principal Meridian (5th P.M.), and continuing East for 1,000’. Carried.

Motion by Ringgenberg, second by Hach, to approve the minutes of 8/9, as printed, today’s claims list, adding an additional $86.23 to Alliant Energy for Conservation, and the following reports: July NWIPDC Policy Council minutes, July Buena Vista VA Commissioners meeting minutes, July Clerk of Court Fees Collected, and July Board of Health minutes. Carried.

**Supervisor Meetings report:** Altena has an Upper Des Moines meeting tonight
There being no further business, motion by Altena, second by Arends, to adjourn the meeting at 11:30 a.m. until, Tuesday, August 23, 2011 at 8:30 a.m. for a special session. Carried.

AUGUST 23, 2011

The Buena Vista County Board of Supervisors met in special session on Tuesday, August 23, 2011 at 8:30 A.M. in the Boardroom with Vice-Chairman Merten presiding, and the following members present: Altena, Hach, and Ringgenberg and with Auditor Susan Lloyd as clerk for the meeting. Absent: Arends.

Unless otherwise indicated, all of the following motions offered at this meeting were carried with the following vote: Ayes: Altena, Hach, Merten, and Ringgenberg. Nays: none. Abstentions: none.

Env Health/Zoning Director Kim Johnson discussed the need for two public hearings for matrix evaluations on two existing hog facilities, which are reducing the square feet of space per hog, and increasing their number of head. Motion by Hach, second by Altena, to set the public hearing for Mike & Michelle Ehlers matrix evaluation, located in Section 25, Lee Township, as September 6, at 8:30 a.m., and to set the public hearing for Ken and Deborah Ehlers matrix evaluation, in Section 35, Lee Township, as September 6, at 9:30 a.m. Carried.

Motion by Hach, second by Altena, to approve the overhead utility permit application for Iowa Lakes Electric Cooperative, Estherville, IA, for a single phase 7,200 volt overhead power line from the NE corner of the intersection of 40th Ave. and 640th St., north approximately ¾ of a mile, to service a new turkey facility in Section 22, of Maple Valley Township. Carried

Engineer Jon Ites requested a change in his equipment purchase schedule for this year. He would like to purchase a tile truck, with funds saved on the purchase price of the motor grader.

Engineer Jon Ites discussed a wetland problem, between Section 2 of Grant and Section 35 of Lincoln Twp. David Garberding has contacted the Engineer about what the County was going to do to solve the drainage problem. Engineer Ites has spoken to landowner Al Sievers about the problem, and has requested Sievers obtain a tile crossing agreement from the neighbors on the north, before the County fixes the road area, which is always wet. Engineer Jon Ites stated that the original wetland didn’t involve the County ROW, and Sievers needs to fix the dike, so it works the way it is suppose to.
Motion by Hach, second by Ringgenberg, to approve the minutes of 8/16, as corrected, and the following reports: FY’12 Estimated Local Option Sales Tax monthly distribution payments and August Central Iowa Juvenile Detention Center minutes. Carried.

(b) Redemption. Notes maturing after June 1, 2018, may be called for redemption by the Issuer and paid before maturity on such date or any date thereafter, from any funds regardless of source, in whole or from time to time in part, in any order of maturity and within an annual maturity by lot. The terms of redemption shall be par, plus accrued interest to date of call.

Thirty days’ notice of redemption shall be given by ordinary mail, or such electronic means as required by law or common practice to the registered owner of the Note. Failure to give such notice by mail to any registered owner of the Notes or any defect therein shall not affect the validity of any proceedings for the redemption of the Notes. All notes or portions thereof called for redemption will cease to bear interest after the specified redemption date, provided funds for their redemption are on deposit at the place of payment.

If selection by lot within a maturity is required, the Registrar shall designate the notes to be redeemed by random selection of the names of the registered owners of the entire annual maturity until
the total amount of notes to be called has been reached.

Section 8. Issuance of Notes in Book-Entry Form; Replacement Notes.

(a) Notwithstanding the other provisions of this Resolution regarding registration, ownership, transfer, payment and exchange of the Notes, unless the Issuer determines to permit the exchange of Depository Notes for Notes in the Authorized Denominations, the Notes shall be issued as Depository Notes in denominations of the entire principal amount of each maturity of Notes (or, if a portion of the principal amount is prepaid, the principal amount less the prepaid amount); and such Depository Notes shall be registered in the name of Cede & Co., as nominee of DTC. Payment of semi-annual interest for any Depository Note shall be made by wire transfer or New York Clearing House or equivalent next day funds to the account of Cede & Co. on the interest payment date for the Notes at the address indicated in or pursuant to the Representation Letter.

(b) With respect to Depository Notes, neither the Issuer nor the Paying Agent shall have any responsibility or obligation to any Participant or to any Beneficial Owner. Without limiting the immediately preceding sentence, neither the Issuer nor the Paying Agent shall have any responsibility or obligation with respect to (i) the accuracy of the records of DTC or its nominee or of any Participant with respect to any ownership interest in the Notes, (ii) the delivery to any Participant, any Beneficial Owner or any other person, other than DTC or its nominee, of any notice with respect to the Notes, (iii) the payment to any Participant, any Beneficial Owner or any other person, other than DTC or its nominee, of any amount with respect to the principal of, premium, if any, or interest on the Notes, or (iv) the failure of DTC to provide any information or notification on behalf of any Participant or Beneficial Owner.

The Issuer and the Paying Agent may treat DTC or its nominee as, and deem DTC or its nominee to be, the absolute owner of each Note for the purpose of payment of the principal of, premium, if any, and interest on such Note, for the purpose of all other matters with respect to such Note, for the purpose of registering transfers with respect to such Notes, and for all other purposes whatsoever (except for the giving of certain Noteholder consents, in accordance with the practices and procedures of DTC as may be applicable thereto). The Paying Agent shall pay all principal of, premium, if any, and interest on the Notes only to or upon the order of the Noteholders as shown on the Registration Books, and all such payments shall be valid and effective to fully satisfy and discharge the Issuer's obligations with respect to the principal of, premium, if any, and interest on the Notes to the extent so paid. Notwithstanding the provisions of this Resolution to the contrary (including without limitation those provisions relating to the surrender of Notes, registration thereof, and issuance in Authorized Denominations), as long as the Notes are Depository Notes, full effect shall be given to the Representation Letter and the procedures and practices of DTC thereunder, and the Paying Agent shall comply therewith.

(c) Upon (i) a determination by the Issuer that DTC is no longer able to carry out its functions or is otherwise determined unsatisfactory, or (ii) a determination by DTC that the Notes are no longer eligible for its depository services or (iii) a determination by the Paying Agent that DTC has resigned or discontinued its services for the Notes, if such substitution is authorized by law, the Issuer shall (A) designate a satisfactory substitute depository as set forth below or, if a satisfactory substitute is not found, (B) provide for the exchange of Depository Notes for replacement Notes in Authorized Denominations.
(d) To the extent authorized by law, if the Issuer determines to provide for the exchange of Depository Notes for Notes in Authorized Denominations, the Issuer shall so notify the Paying Agent and shall provide the Registrar with a supply of executed unauthenticated Notes to be so exchanged. The Registrar shall thereupon notify the owners of the Notes and provide for such exchange, and to the extent that the Beneficial Owners are designated as the transferee by the owners, the Notes will be delivered in appropriate form, content and Authorized Denominations to the Beneficial Owners, as their interests appear.

(e) Any substitute depository shall be designated in writing by the Issuer to the Paying Agent. Any such substitute depository shall be a qualified and registered "clearing agency" as provided in Section 17A of the Securities Exchange Act of 1934, as amended. The substitute depository shall provide for (i) immobilization of the Depository Notes, (ii) registration and transfer of interests in Depository Notes by book entries made on records of the depository or its nominee and (iii) payment of principal of, premium, if any, and interest on the Notes in accordance with and as such interests may appear with respect to such book entries.

Section 9. Registration of Notes; Appointment of Registrar; Transfer; Ownership; Delivery; and Cancellation.

(a) Registration. The ownership of Notes may be transferred only by the making of an entry upon the books kept for the registration and transfer of ownership of the Notes, and in no other way. Bankers Trust Company is hereby appointed as Registrar under the terms of this Resolution and under the provisions of a separate agreement with the Issuer filed herewith which is made a part hereof by this reference. Registrar shall maintain the books of the Issuer for the registration of ownership of the Notes for the payment of principal of and interest on the Notes as provided in this Resolution. All Notes shall be negotiable as provided in Article 8 of the Uniform Commercial Code subject to the provisions for registration and transfer contained in the Notes and in this Resolution.

(b) Transfer. The ownership of any Note may be transferred only upon the Registration Books kept for the registration and transfer of Notes and only upon surrender thereof at the office of the Registrar together with an assignment duly executed by the holder or his duly authorized attorney in fact in such form as shall be satisfactory to the Registrar, along with the address and social security number or federal employer identification number of such transferee (or, if registration is to be made in the name of multiple individuals, of all such transferees). In the event that the address of the registered owner of a Note (other than a registered owner which is the nominee of the broker or dealer in question) is that of a broker or dealer, there must be disclosed on the Registration Books the information pertaining to the registered owner required above. Upon the transfer of any such Note, a new fully registered Note, of any denomination or denominations permitted by this Resolution in aggregate principal amount equal to the unmatured and unredeemed principal amount of such transferred fully registered Note, and bearing interest at the same rate and maturing on the same date or dates shall be delivered by the Registrar.

(c) Registration of Transferred Notes. In all cases of the transfer of the Notes, the Registrar shall register, at the earliest practicable time, on the Registration Books, the Notes, in accordance with the provisions of this Resolution.

(d) Ownership. As to any Note, the person in whose name the ownership of the same shall be registered on the Registration Books of the Registrar shall be deemed and regarded as the absolute owner thereof for all purposes, and payment of or on account of the principal of any such Notes and the premium, if any, and interest thereon shall be made only to or upon the order of the registered owner thereof or his legal representative. All such payments shall be valid and effectual to
satisfy and discharge the liability upon such Note, including the interest thereon, to the extent of the sum or sums so paid.

(e) Cancellation. All Notes which have been redeemed shall not be reissued but shall be cancelled by the Registrar. All Notes which are cancelled by the Registrar shall be destroyed and a certificate of the destruction thereof shall be furnished promptly to the Issuer; provided that if the Issuer shall so direct, the Registrar shall forward the cancelled Notes to the Issuer.

(f) Non-Presentment of Notes. In the event any payment check representing payment of principal of or interest on the Notes is returned to the Paying Agent or if any note is not presented for payment of principal at the maturity or redemption date, if funds sufficient to pay such principal of or interest on Notes shall have been made available to the Paying Agent for the benefit of the owner thereof, all liability of the Issuer to the owner thereof for such interest or payment of such Notes shall forthwith cease, terminate and be completely discharged, and thereupon it shall be the duty of the Paying Agent to hold such funds, without liability for interest thereon, for the benefit of the owner of such Notes who shall thereafter be restricted exclusively to such funds for any claim of whatever nature on his part under this Resolution or on, or with respect to, such interest or Notes. The Paying Agent's obligation to hold such funds shall continue for a period equal to two years and six months following the date on which such interest or principal became due, whether at maturity, or at the date fixed for redemption thereof, or otherwise, at which time the Paying Agent, shall surrender any remaining funds so held to the Issuer, whereupon any claim under this Resolution by the Owners of such interest or Notes of whatever nature shall be made upon the Issuer.

(g) Registration and Transfer Fees. The Registrar may furnish to each owner, at the Issuer's expense, one note for each annual maturity. The Registrar shall furnish additional Notes in lesser denominations (but not less than the minimum denomination) to an owner who so requests.

Section 10. Reissuance of Mutilated, Destroyed, Stolen or Lost Notes. In case any outstanding Note shall become mutilated or be destroyed, stolen or lost, the Issuer shall at the request of Registrar authenticate and deliver a new Note of like tenor and amount as the Note so mutilated, destroyed, stolen or lost, in exchange and substitution for such mutilated Note to Registrar, upon surrender of such mutilated Note, or in lieu of and substitution for the Note destroyed, stolen or lost, upon filing with the Registrar evidence satisfactory to the Registrar and Issuer that such Note has been destroyed, stolen or lost and proof of ownership thereof, and upon furnishing the Registrar and Issuer with satisfactory indemnity and complying with such other reasonable regulations as the Issuer or its agent may prescribe and paying such expenses as the Issuer may incur in connection therewith.

Section 11. Record Date. Payments of principal and interest, otherwise than upon full redemption, made in respect of any Note, shall be made to the registered holder thereof or to their designated Agent as the same appear on the books of the Registrar on the 15th day preceding the payment date. All such payments shall fully discharge the obligations of the Issuer in respect of such Notes to the extent of the payments so made. Payment of principal shall only be made upon surrender of the Note to the Paying Agent.

Section 12. Execution, Authentication and Delivery of the Notes. The Chairperson and Auditor shall execute and deliver the Notes to the Registrar, who shall authenticate the Notes and deliver the same to or upon order of the Purchaser. No Note shall be valid or obligatory for any purpose or shall be entitled to any right or benefit hereunder unless the Registrar shall duly endorse and execute on such Note a Certificate of Authentication substantially in the form of the Certificate herein set forth. Such Certificate upon any Note executed on behalf of the Issuer shall be conclusive evidence that the Note so authenticated has been duly issued under this Resolution and that the
holder thereof is entitled to the benefits of this Resolution.

No Notes shall be authenticated and delivered by the Registrar, unless and until there shall have been provided the following:

1. A certified copy of the resolution of Issuer approving the execution of a Loan Agreement and a copy of the Loan Agreement;

Section 16. Non-Arbitrage Covenants. The Issuer reasonably expects and covenants that no use will be made of the proceeds from the issuance and sale of the Notes issued hereunder which will cause any of the Notes to be classified as arbitrage bonds within the meaning of Section 148(a) and (b) of the Internal Revenue Code of the United States, and that throughout the term of the Notes it will comply with the requirements of such statute and regulations issued thereunder.

/s/ Dale Arends, Chair, Board of Supervisors............................Attest: Susan Lloyd, County Auditor

Motion by Merten, second by Hach, to approve the actual FY’11 Case Management Cost Report, and authorize the Chair to sign. Carried.

Matt Madsen and Phyllis Slawson, DHS Western Iowa Service Area, discussed leasing a new copier for the BV County department. Motion by Merten, second by Altena, to approve the contract for a new copier for DHS, with a monthly lease payment, and to authorize the Chair to sign. Carried.

Matt Madsen-DHS, updated the Board on their department. The good news is that nobody else will be laid off this year. It appears that there will be a customer service center located at the BV County site.

Motion by Arends, second by Hach, to approve the FY’11 Annual Report of the County Engineer. Carried.

County Engineer Jon Ites has received a request from the City of Rembrandt regarding a drainage problem. The County doesn’t have the equipment needed for this work, and since it is in a drainage district, it is up to the district to complete the work. Ites recommendation is to find a company with a scope and camera to find the problem. This is part of DD #151. The Chair will contact the Rembrandt mayor, and the Engineer will make some contacts to check on costs.

James Brauhn, a City of Linn Grove resident, requested the County cleanup the brush that he previously maintained as native brush.

Engineer received information from Gary Pickhinke regarding the 2011 seed charges. The invoice was given to the Auditor for payment on September 27.

Engineer Ites has received a request for a level B upgrade on the road between Sections 9 and 10, Washington Township, due to a new hog facility.

Motion by Hach, second by Merten, to approve and to authorize the chair to sign the underground utility permit for Alliant Energy, Storm Lake, IA, to install natural gas service under Stoney Point Dr., to service 245 Stoney Point Dr. Carried.
Storm Lake City Clerk Justin Yarosevich, and Bonnie Hach presented an update on the NW IA Housing Trust Fund. The County has had rehabilitation work done on five homes, an investment of over $34,678.90 in housing stock within the County. Another three projects are currently in progress. The program has benefited all areas of the County with projects constructed or offered in 6 cities: Sioux Rapids, Storm Lake, Alta, Truesdale, Newell, and Linn Grove. Funding for the program has come primarily from the State of Iowa with the FY’11 funding coming from the IJOBS program which had some additional strings involved that limited the ability of the program to do work in the 31-80% bracket. There are still funds left from FY’10, and after the 2 year time period, the Board may determine to use the funds for another project, rather than this housing rehabilitation.

Motion by Hach, second by Ringgenberg, to approve the financial pledge of $9,517 for FY’12 to the NW IA Regional Housing Trust Fund, and to authorize the Chair to sign. Carried.

Motion by Ringgenberg, second by Merten, to approve the following reports: August Central Iowa Detention Commission minutes, August 9 and August 17 BV County Conservation Board minutes, and August Clerk of Court Fees Collected Report. Carried.

The Chair recessed the meeting until 1:00 p.m., in the District Court Room, for the drainage hearing on DD #34 Lat 2.

The time arrived for the Public Hearing on DD #34 Lat 2, with Chairman Arends opening the meeting with Engineer Ivan Droessler and Engineer Brian Blomme, Kuehl & Payer Ltd. and 27 interested persons from the public. Engineer Droessler stated that there were 2 written objections and 1 written question that had been received. The Auditor stated that notice of the hearing was published in all 3 official county newspapers, and that affidavits were on file in the Auditor’s Office. Engineer Blomme gave an overview of the report on the DD #34 Lat 2, including history of the drain, the current drainage problems, proposed repairs, annexation of additional land into the district, and reclassification of the district. The proposed project will restore the original facility, it is not an improvement to make it any better. The hearing was opened up for questions which included: Q-why are we hiring an outside engineering firm? A-the county used to have a drainage engineer, and when he retired, he was not replaced. Most counties don’t maintain a drainage engineer. BV County does do some general maintenance on drains, but major cleanouts are hired out Q-why does a private crossing need to be removed, when in 1977 there was an agreement that it was the only thing to do? A-Droessler hasn’t found any agreement regarding this private crossing, and will check further and meet with this individual. Q-how much will it cost us for this project? A-average cost per acre is figured at $34.36 per acre, but those areas in the north part of the district will pay more than those on the south end, depending on the benefit received. Q-what if nothing is done right now, will it still work? A-the drain will still function, however, it will not be a full capacity, and it will continue to meander and there will be continued sloughing. Q-does the ethanol plant in Albert City pay anything? A-yes, they pay a comparable number of acres based on their output. Q-what is the life of a cleanout? A-typically, a cleanout will last 35-40 years. Q-when would the work start, if approved? A-could have fall bids, with construction next year. Q-is the interest negotiable on the waivers? A-interested to be 7% two years ago, then dropped to 5%. Don’t know what it will be now. Q-why can’t you do uniform spreading of the costs between the landowners? A-the Code of Iowa says that you can’t do an equitable distribution.

Two objections were received, and Engineer Droessler addressed the objections and comments that were written by the objectors. Residential property also uses a tile system, as the storm sewers drain into a tile system, and you can verify that will legal counsel. Kuehl and Payer Ltd. doesn’t do the physical
construction. The Board of Supervisors, acting as trustees of the drainage district, appoint Kuehl & Payer because they are the experts in ag drainage.

Motion by Ringgenberg, second by Merten, to acknowledge receipt of Phil Sundblad’s objection, however, they deny any action due to not finding a basis of merit to stop the project. Hach said that he is not an expert in drainage. Ayes: Altena, Arends, Merten, and Ringgenberg. Nays: Hach. Carried.

Motion by Merten, second by Altena, to acknowledge receipt of Ron White’s objection, and accept the response of Engineer Droessler, which covered the questions asked. Carried.

Merten would like to accept the report, but would like to wait a week before voting on the project. He has received several phone calls, and would like to give the landowners more time to make comments.

Motion by Merten, second by Hach, to recess and continue the hearing on Tuesday, September 20, at 9:30 a.m. in the Boardroom of the Courthouse. Carried.

There being no further business, motion by Hach, second by Arends, to adjourn the meeting at 3:00 p.m. until Wednesday, September 14, 2011 at 7:00 p.m. for a special session. Carried.
population numbers and the registered voters in the new precinct, and compared it to the other 9 precincts. Fewer precincts would mean fewer election workers needed, and it has been a challenge finding workers in the north part of the County. There would be a cost savings on salaries of workers, fewer voting machines, therefore, less programming and testing. Voters also have the opportunity to vote absentee, if they don't want to drive to the precinct on election day.

The Chair opened the meeting to questions from the public: Q-the voters have the right in Code Section 49.53 to vote in their district. Most voters are elderly people and with gas prices going higher, people don’t want to drive. Post Offices will be closing at Marathon, and the closest Post Office will be 30 miles away. How would the elderly people be able to vote absentee? A-Arends stated that we can’t do anything about the Post Offices closing. Merten stated that combining the precincts and changing the voting location to Sioux Rapids would only affect voting in Primary and General Elections. School Elections and City Elections would continue to be held in the precincts that they are held now.

Resident voiced concern that the elderly won’t vote absentee, and they won’t drive the extra distance to a new precinct. Concerned that people won’t vote.

Resident suggested placing a notice in newspapers, stating a voters right to vote, and where to obtain an absentee ballot.

Merten stated that voters will still receive their proper ballot, whether they live in a city or a township.

Arends stated that his precinct votes in Albert City. However, he seldom votes in Albert City, he votes absentee when he is in Storm Lake for business.

Resident asked if they could call and request an absentee ballot? A-Arends stated that a written request and a signature is needed before they can be mailed out.

Ringgenberg suggested placing absentee ballot request forms in City Clerk’s Offices around the County, and then residents could pick them up, complete the information, and mail it in to the Auditor’s Office. Merten stated that we want to encourage people to vote.

Motion by Altena, second by Merten, to close the public hearing. Carried.

Motion by Merten, second by Ringgenberg, to combine the current voting precincts of LGB, RELS, MAP, and SRL, into one new voting precinct (SMLR), as proposed, and to set the 1st reading of Ordinance 1.6, amending the current Ordinance on Buena Vista County Voting Precincts at September 20, at 11:45 a.m. in the Boardroom. Carried.

There being no further business, motion by Merten, second by Arends, to adjourn the meeting at 7:45 p.m. until Friday, September 16, 2011 at 8:00 a.m. for a special session to canvass the School Election. Carried.

/s/ Dale Arends, Chair. Board of Supervisors..................................................Attest: Leigh Madsen, Deputy Auditor

Deputy Auditor Leigh Madsen discussed the possibility of changing the plan year for Wellmark to a calendar year. Due to the difficulties it could cause during the budget process, it is the consensus of the Board to leave it as is.

Motion by Merten, second by Hach, to approve the minutes of 9/13, 9/14, and 9/16, as printed and the following reports: Co Attorney’s Report of juvenile detention placements, DHS Quarterly expense reports for reimbursement (Sept. 2010, Dec. 2010, March 2011, June 201), August NWIPDC Policy Council minutes.

Engineer Ivan Droessler, Kuehl & Payer Ltd., discussed the types of crossings allowed in a drainage ditch and the responsibilities of the Board of Supervisors as Trustees of DD #34 Lat 2.

Engineer Ivan Droessler, Kuehl & Payer Ltd. and Carl Roger Bjork were present to discuss a low head crossing on open ditch of DD#34 Lat 2. The area in question had a wooden bridge at one time and is now a rock crossing. Droessler explained that land owners are paid at the time the district is established, if there is any severance in land. Once a damage payment is made, it stays with the land for future generations. The trustees of the drain are the decision makers. Their decision is to be in the best interest of the district. Possible suggestions to solve the problem of crossing the drain would be: to obtain an easement from an adjacent land owner, for the land owner to maintain a bridge/rock crossing once installed or to sell the severed land. Merten feels that a replacement is still part of the project with the land owner and the district sharing the cost. Droessler stated that this issue should be separate from the remaining project of DD #34 Lat 2. If a culvert is used, it is estimated that a 6’ culvert would be needed, with 2 to 6 feet of dirt over the culvert. Droessler recommended that there be a written agreement once
there is a solution to the problem. Once it is completed, it is the responsibility of the land owner to maintain the crossing regardless of the type of crossing. Motion by Ringgenberg, second by Merten to obtain more information on the elevation and requirements once the crop is removed from the area. Carried.

The time arrived for the Public Hearing on **DD #34 Lat 2**, with Chairman Arends opening the meeting with Engineer Ivan Droessler and Engineer Brian Blomme, Kuehl & Payer Ltd. and 16 interested persons from the public and one media present.

One written comment from Dave Balder was read.

Engineer Ivan Droessler, Kuehl & Payer Ltd. stated that this was a continuation of the **DD #34 Lat 2 public hearing** from September 13th, and that no additional notices were sent. He reviewed some of the information previously stated. Drainage Districts do not last forever. About every 35 to 40 years they need to have a major clean out. From time to time, spot cleaning is needed, but is not the most effective way to maintain a drain. Surface pipes that need repairs are addressed at the time that they are reported. DD #34 Lat 2 is 13 miles in length, and 8 miles of the drain will be part of this project. This is a typical project, it is being done to maintain, not to improve the drain. It is the responsibility of the Board of Supervisors to direct the work to be done, not the engineer or assistant engineer. Kuehl & Payer watches over the drains and gives direction to the Board of Supervisors as to when spraying and repairs are needed. Brush management started in 2000-2001. The code of Iowa does not allow for land owners to be equally assessed for the clean out. It is based on usage, soil type and how much benefit is derived. When work begins, the spoil will be spread on each side of the ditch in the ditch, dried and reworked to slope away from the ditch. Tile outlets will be replaced as needed, both owed by the district and private. The 5 mile section not being done at this time may need some minor work in years to come. There will be funds set aside once this project is completed, so any additional work can be done as needed.

Hach stated that he had conversations with 5 interested parties and all were in favor of continuing with the project. Arends stated that he had visited with several landowners and there was overwhelming approval to move ahead with the project.

Q - Can the county engineers do the work on this project and not have to pay outside engineering? A - The engineer has to be a disinterest person. The code is very clear that the county engineer is not a disinterested party. Q - Where is this project scheduled to start? A – It will be starting at the north end of the drain near Albert City. Q - If the project is approved, when will the assessment show up on taxes? A - Fall taxes of 2013. Q - Will the full amount of the assessment be allowed to be claimed on one year's income taxes? A - Consult your tax preparer.

Motion by Hach to close the public hearing, second by Altena. Carried.

Motion, by Arends, second by Ringgenberg, to accept the Engineer's Report and to move forward with a clean out of **DD #34 Lat 2**. Carried.

Motion by Altena, second by Merten, to acquire a uniform **Right-of-Way easement** along the full length of **DD #34 Lat 2**, 50' on each side of the center line of the ditch, except where restricted by road or the cemetery. Carried.

Motion by Merten, second by Ringgenberg, to proceed with the **Annexation of Necessity**, along the length of **DD #34 Lat 2**. Carried.
Motion by Ringgenberg, second Altena, to approve the Reclassification of DD #34 Lat 2 for purposes of assessment. Carried

It was noted that there will be public hearings required for each of the above motions regarding DD #34 Lat 2.

Engineer Ites shared a letter from the IA DOT in response to FHWA's draft inspection report.

Ites said that the crews have completed the pull up project and are finishing some dressing on shoulders.

Motion by Ringgenberg, second by Altena to authorize Engineer Ites to hire an employee, contingent to the employee passing a physical, at $2 under the current equipment operator I rate, with reviews at 6 month intervals for .50 increases until reaching the current equipment operator I rate. Carried.

Motion by Arends, second by Hach, to pay Kooker Inc. Le Mars $15,360 for twin culverts and a new channel, and $18,980 for triple culverts on the west side of Section 22 Maple Valley Township. Carried.

Motion Hach, second Merten to authorize the chair to sigh the underground utility permit with Century Link, Storm Lake, for new phone service along west side of 40th Ave. between Sections 21 and 22, Maple Valley Township, to service 6320 40th Ave. Carried.

Sheriff Launderville stated that prior to now, it has been several years since we have received federal forfeiture money. The county has recently received about $7,000. Federal forfeiture money must be kept separate from any State forfeiture money. There are also guidelines as to the specific uses of the money. It also must be used within 3 years. The money can be used for equipment. However, it cannot be used to replace budgeted items. This money is required to be accounted separately from State forfeiture money. State forfeiture money is currently at about $12,000.

Motion Hach, second by Ringgenberg, to direct the Sheriff to work with the Treasurer and Auditor to establish a separate fund for Federal Forfeiture money. Carried.

Sheriff Launderville stated that 13 new handguns have been ordered for their department. Ten guns will be traded in, 2 were guns received from Alta, and one is a personal handgun. Now all of the handguns in the department will be the same, and use the same ammunition. Launderville also reported that Deputy Sheriff DeMuth has been promoted to Sargent. DeMuth was also awarded State Officer of the Year. He was nominated by Albert City American legion. Launderville accepted the award for the State Public Employers ESGR Award last week in Des Moines. Next week Buena Vista Sheriff's Department will be hosting a 3 day jail school. Several counties will be in attendance. Transports have continued to be up. Buena Vista County is still doing our own transports and not using the US Marshall Service. Sheriff Launderville explained the MACH system. The system will put a computer in each car. It will connect all branches of law enforcement and enable them to work better together. The Highway Patrol has had it for about 2 to 3 years.

Arends opened the hearing for the 1st reading of Ordinance # 1.6 on Voting Precincts. There was no public in attendance and 1 media. Motion by Hach, second by Altena to close the hearing. Carried. Motion by Merten, second by Ringgenberg, to approve the 1st reading of Ordinance # 1.6 on Voting Precincts, and to set the 2nd reading for September 27th, 2011, 8:45 a.m. Carried.
Arends reported on the Jt. DD #181 meeting in Rockwell City. Merten and Auditor Lloyd were also in attendance.

There being no further business, motion by Hach, second by Arends, to adjourn the meeting at 12:15 p.m. until Tuesday, September 27, 2011 at 8:30 a.m. for a regular session. Carried.

WASHINGTON TOWNSHIP BOARD OF SUPERVISORS

Meeting August 16, 2011

Minutes

Motion by Ringgenberg, second by Hach, to approve the following reports: September Clerk of Court Fees Collected Report, Quarterly Farm to Market Road Fund Report (Jul-Sept), UDMO Interim Executive Director Informational Report for October 18, 2011 Board of Directors Meeting, Recorder's Quarterly Report of Fees Collected (July-Sept), and Central Iowa Juvenile Detention Center Board minutes. Engineer Jon Ites updated the Board on the Secondary Road projects. The Sievers wetland project is done and the culverts are done in Section 22, Maple Valley Township. His Department is in the process of putting the snow equipment on.

EMA Director Aimee Barritt updated the Board on the BV County Multi-Jurisdictional Hazard Mitigation Plan. The grant agreement was signed on 4/21/09 with the State of Iowa, with an expiration date of 3/3/12, and with the possibility of a six month extension. The total plan cost is $46,000, with 85% to be paid first by the County and then submitted for reimbursement by the State and Federal Government. The remaining 15% ($6,900) is the local share (in kind) contribution. To date, we have 193 of 250 hours needed for the in-kind (local) share of the plan cost. If the hours are not met, the County will have to pay some of the local share in cash.

Merten presented information regarding the reimbursement that juvenile detention centers receive. The State sets aside $17-$18 million to offset the county's share of the costs for juvenile detention. It is expense based, not based on the service that is provided. The state auditor suggested that it go back to bed days, rather than expense based. The legislature formed a committee that developed several options for recommendations. One of the two options left to vote on for a recommendation, was to recommend a $75,000 base reimbursement for each facility with the remaining funds split 50-50 between total operating costs and bed days percentage for youth under Iowa court orders. Youth would be placed within their judicial district or closest facility unless court ordered otherwise. Youth placed outside their judicial district and further away from the closest detention center would be ineligible to receive reimbursement for bed days.

The Board heard proposals from six 3rd party administrators: Three Rivers Benefit Corporation, P.R.I.M.E., Employee Benefit Systems, Midwest Group Benefits, Administrative Solutions, Inc., and Group Services. The supervisors will be reviewing the information and make a decision at a later date.

Altena left the meeting.

There being no further business, motion by Hach, second by Arends, to adjourn the meeting at 1:17 p.m. until Tuesday, November 1, 2011 at 8:30 a.m. for a special session. Carried.

PASSED, APPROVED AND ADOPTED this 8th day of November, 2011.

/s/ Dale Arends, Chair, Board of Supervisors................................. /s/ Susan Lloyd, Auditor

Bldg/Grounds Supt. Steve Hammen and Nurse Administrator Pam Bogue discussed the East Richland remodeling project. Bogue asked permission to use the former parking spot of the Naturalist as an additional handicapped parking place. The consensus was to allow the former parking spot of the Naturalist, to be handicapped. The discussion continued regarding remodeling of the Public Health offices, due to the need for more private offices for the nurses in order to be more HIPAA compliant. It was the consensus to approve the project and to include it in the FY'13 capital projects.

Liberty National Life Insurance Agent Jim Bishop requested a change to our cafeteria plan, to enhance our current policy. Bishop discussed the options available for Term Life Insurance, Accidental Death coverage, and First Diagnosis Cash Cancer Policy. All of these options are available for purchase by the employees, for themselves, spouse, and children. Merten would like to take the information under advisement. Arends is in favor of allowing him to meet with the employees. Action will be taken at the November 15 meeting.
Steve Hammen discussed an issue of **security** with the Clerk’s Office. Hammen will be installing a glass window for the counter for the Clerk’s Office and also for the Small Claims Office.

Kathy Evert, **Iowa Lakes Corridor Development Corp** Executive Director, Pat Reno, Board Member, and Rob Hach, reviewed the activities of the organization, and Hach presented a testimonial for the organization. Evert thanked the Board for their past support, and asked the supervisors to give thoughtful consideration to investing a total of $100,000 in the program, payable over a four-year period. Hach encouraged the Board to work with all resources, and to continue to support the Lakes Corridor in their funding. Sandy Johnson was also present for the discussion, and asked Evert if she could add child care to her survey, to see if there is a need. Johnson stated that Storm Lake has lost a child care facility that was highlighted in Washington DC, and by the legislature.

Matt Madsen, Phyllis Slawson, and Carol O’Tool, **DHS**, updated the Board on the changes to their department. They continue to have 14-16 staff here in BV County. Clay, Dickinson, Carroll, and BV take applications for income maintenance, and help serve 16 counties. They are not changing the services they offer to clients here, but are able to send information electronically where it needs to be in order to be taken care of efficiently. Hach requested the Board be notified prior to the date a change goes into effect. The County received notice on the day the change was taking place. Merten asked again about the reimbursement that BV County receives for serving clients. Cherokee doesn’t have an office, and neither does Sac. BV pays 40%, do the other counties have to pay anything? Madsen—we don’t keep track of the clients coming in from other counties. They have left it up to the counties to make the agreement. The other counties are still maintaining a small presence in the other part-time counties. They have moved to paperless, and they are now able to take the work and move it to where the workers are, and not moving the employees to other locations where the work is. Madsen apologized again for not getting the information to the Board sooner, but they didn’t see a budgetary impact.

John Wilson, Interim Executive Director of **UDMO** and Joan Spooner, Storm Lake Site Director, met with the Board to review their activity from October, 2010 through September, 2011, assisting 2,331 individuals in nearly 825 Buena Vista County households. For every county dollar received, they brought $75.36 of state and federal assistance into the county. Their request for FY’13 funding is $19,750.

Motion by Merten, second by Hach, to approve the **minutes** of 11/1, as printed, and the following **reports**: October 13 Buena Vista VA Commissioners Board minutes, Northwest Iowa Regional Housing Authority Annual Report for 2010-2011, and October NWIPDC Policy Council minutes, and today’s **claims approval list**. Carried.

Motion by Altena, second by Merten, to authorize the Auditor to **void check** #233679, dated 10/11/11 for $76.00, issued to Jodi Gillespie, and to reissue. The original check was lost. Carried.

There being no further business, motion by Hach, second by Arends, to adjourn the meeting at 11:56 a.m. until Tuesday, November 15, 2011 at 8:30 a.m. for special session and to canvass the City Election. Carried.

The acquisition will take place this winter prior to the 2012 planting season, and will notify the landowners prior to planting and will pay crop damages next year based on the new right-of-way. Bldg/Grounds Supt. Steve Hammen has received a request from the Sheriff to obtain a key for the courthouse. The consensus was to give the Sheriff a key to the Courthouse, for security.

Merten and Altena left to attend another meeting.

Unless otherwise indicated, all of the following motions offered at this meeting were carried with the following vote: Ayes: Arends, Hach, and Ringgenberg. Nays: none. Abstentions: none.

Engineer Jon Ites stated that a bid letting was held for BROS-CO11(73)--8J-11, a bridge replacement project on the SW corner of Section 1, Grant Twp. The low bid was Graves Construction, Spencer, IA, for a total of $211,668.42. Engineer Ites recommends the Board award the contract. The original estimate was $219,545.00. Motion by Hach, second by Ringgenberg, to award the contract for Project #BROS-CO11(73)--8J-11, the bridge replacement project on the southwest corner of Section 1, Grant Township, to Graves Construction, Spencer, IA, for $211,668.42. There being no further business, motion by Hach, second by Arends, to adjourn the meeting at 11:10 a.m. until Tuesday, November 29, 2011 at 9:00 a.m. for special session. Carried.
Merten said that since the road is paved and widened, it is safer. Patrick disagreed with that comment, and said there needs to be more investigation, and a longer study. Chief Prosser commented that changing from 35 MPH to 45 MPH confuses the motorists, and said there needs to be more history. Patrick said the intent of paving was to increase economic development, and by doing so, the slower speed limit is better. Chief Prosser commented that with the Field of Dreams, it is safer to keep the speed low. He also suggested waiting 4 seasons to see what the traffic pattern will be, as it is a lot busier in the summertime. Supervisor Merten has received several phone calls from the public, requesting the increase in speed limit to 45 MPH. Ites commented that the past accidents were youth that may have been unfamiliar with gravel roads. Ites commented that normally when a road is paved and widened, it is considered safer than what a gravel road would be. Motion by Hach, second by Ringgenberg, to accept the study and to forward it on to the City of Storm Lake to present to the Council for their recommendation. Carried.

Motion by Hach, second by Merten, to approve the minutes of 11/22, as printed, and the following reports: Engineering Traffic Speed Study for a portion of Vestal Street. Carried.

BOARD OF SUPERVISORS MEETING
FIFTY-SECOND MEETING, 2011 SESSION (52)
DECEMBER 6, 2011

The Buena Vista County Board of Supervisors met in regular session on Tuesday, December 6, 2011 at 8:30 A.M. in the Boardroom with Chairman Arends presiding, and the following members present: Altena, Hach, Merten, and Ringgenberg, and with Auditor Susan Lloyd as clerk for the meeting.

Unless otherwise indicated, all of the following motions offered at this meeting were carried with the following vote: Ayes: Altena, Arends, Hach, Merten, and Ringgenberg. Nays: none. Abstentions: none.
Env Health/Zoning Director Kim Johnson informed the Board that she has sent out 20 letters to females, trying to find someone to fill positions on the Board of Adjustment, and to have a gender balance on the Board, and has had no response. Johnson asked the Board what the next step is, as she is need of members. The consensus of the Board was to find any individual, whether it is male or female, as Johnson has done her best to try and balance gender on the Board.

I.T. Director Patti Maymon discussed the request of Iowa Workforce Development to place a computer kiosk in the Courthouse. There is already one in the Storm Lake Public Library and one located in Buena Vista University. Maymon has received comments from department heads and requested that if it were located in the Courthouse that it not be on the first floor or near the lobby, as there is enough activity in the lobby area for driver’s license. Since it is a State agency, putting it on the second floor, with the other state offices is an option, but then the problem is where to place the kiosk. The consensus was to decline the request due to lack of space, and the Board also realizes that staff would be needed to help individuals. Maymon will relay the message to Iowa Workforce Development.

The discussion continued from last week, regarding the I.T. Department’s request to receive time and a half comp time when working on holidays. If the entire network has to go down, it is easier to schedule to work with vendors on Presidents’ Day and Veterans’ Day when they are usually working and the Courthouse is closed. Maymon commented that it doesn’t happen often, where she is working on holidays. Motion by Merten, second by Altena, to approve and recommend that a change to the handbook be made, to include the I.T. Department with the Non-exempt Buildings/Grounds Staff in the holiday pay paragraph of Section 5.1 of the Employee Information Handbook, dated March 1, 2010, to say that the I.T. Department shall receive time and half for working a holiday, whether or not they work in excess of 40 hours in that work week. Carried.

Motion by Ringgenberg, second by Merten, to allow Patti Maymon to receive time and a half for the hours she worked on Veterans’ Day holiday, 2011, as comp time. Carried.

Bldg/Grounds Supt. Steve Hammen informed the Board as to why they are not removing snow in front of the Veterans’ Monument pieces and tablets. The stamped concrete in front of the monument pieces is not conducive to snow removal because of all the valleys created by the stamp. The stamped concrete has a very slick surface, and putting ice melt on the surface would damage the looks of the stamped stained concrete. Also, the use of power equipment to clear the snow could cause an accident and damage the pieces and tablets. New sidewalks that routed traffic away from the pieces and tablets were installed as a means to reroute traffic to the Courthouse lobby.

Sherri Peterson, Library Director at Newell and President of the Library Association, along with 5 other librarians, met with the Board to request funds for FY’13. They all thanked the Board for their support, and to say how much the communities appreciate the support of the Board for their libraries. They all work with budgets and all realize the tough choices that have to be made with regards to the economy. The libraries serve a lot of people, and provide services free of charge to the public. They are asking to be kept at the budget they are at currently, and hopefully won’t see a cut to their allocation. The State has cut allocation to the libraries by 20%. They discussed WILBOR, which is a consortium of more than 100 Iowa libraries which provides downloadable audio book and eBook services to the patrons of participating libraries. The libraries are also digitizing newspapers, and are still microfilming, since that is the state requirement for archival quality. The Board thanked them for what they do in their communities.

/s/ Paul Merten, Vice-Chairman, Board of Supervisors............................../s/ Susan Lloyd, Auditor

Marjorie Neulieb, President of the Buena Vista County Historical Society, met with the Board to request funds for FY’13 of $800, the same as the current allocation. She thanked the Board for their continued support. They are using the current funds for computer software, and would like to use the future $800 allocation to purchase 14 Phillips Day Brite fluorescent fixtures. The Board thanked them for everything that they do.

Bldg/Grounds Supt. Steve Hammen discussed the Safety Committee’s request to include a note in paychecks, regarding the use of cell phones and texting while driving County Vehicles. It is a proven fact that anyone using a cell phone while driving, even if it is a blue tooth function, takes your mind off of your driving, you are focused on the phone call. Hach said it was a good idea to put something out in paychecks, reminding the employees of the state law prohibiting the texting on your cell phone while driving. The consensus of the Board was to have Hammen prepare something to be included with paychecks to the employees.

Tom Seigfreid, Rembrandt Enterprises, presented an Economic Development Financial Assistance Contract by Rembrandt Enterprises, Inc., Buena Vista County, and the Iowa Department of
Economic Development, for their consideration. In 2007-2008, Rembrandt Enterprises had a building project of $6,333,000 plus another $10,900,000 in production equipment, for a total of $17,200,000, and increased their number of employee by 41. Assessor Kathy Croker commented that the valuation of equipment is not captured, so it is a wash. The only valuation in consideration of the tax abatement is for the building. The first time it was fully assessed was in 2009. Seigfreid commented that they are not looking back; they would like to get the old one implemented, and go forward from here. The current valuation on the newest project is on a value of $450,000, which the Board granted a 7-year abatement, pending receiving a “development agreement”, with a 75% exemption on the 1st year. Motion by Ringgenberg, second by Altena, to authorize the Vice-Chairman to sign the IDED Agreement for Rembrandt Enterprises, and to confer with the County Attorney whether this Financial Assistance contract takes the place of a “development agreement”. Carried.

**Secondary Road Report:** Engineer Jon Ites attended a County Engineers meeting, and heard that there will be State Audits that are required on Title VI of the Civil Rights Act compliance, to be sure there is no discrimination with policies and contracts; Ites also received communications on the Rock Island Clean Line and the meeting they have scheduled. **Supervisor meeting reports:** Merten--tomorrow-on the MH redesign, there is a meeting at the ISAC Office in DM, and in talking with Dawn, we have until 4/14/12, we would take the lead step to create a district, pick who we want, and submit it for approval. If not done by then, the State will be making up the regions. Tomorrow, Merten is going to Carroll, to start working on putting a region together with the Board of Supervisors in Carroll at 1:00 p.m. The comp board is meeting tomorrow, at noon, in the boardroom. Merten and Arends—met with Sioux Rapids and the Sheriffs Dept to discuss law enforcement. Altena-had a Solid Waste Meeting last week. The consulting firm gave them some ideas. Unless otherwise indicated, all of the following motions offered at this meeting were carried with the following vote: Ayes: Altena, Arends, Hach, Merten, and Ringgenberg. Nays: none. Abstentions: none.

Kelli Berg, Storm Lake United Activities Director discussed the Extreme Winter Festival that is planned for February 10, 11, and 12, 2012. They would like to have activities on the lake, and would like Board approval. They already have DNR approval, and the consensus of the Board was to approve also.

Colleen Schwanz and Board Member Bob Donahoo, BV County Soil and Water Conservation District discussed the activities of the past year. It was a successful year. The amount of their request will remain at $3,000, the same as last year. The funds will be used for their many conservation education projects that are implemented in the Buena Vista County Schools. They thanked the Board for their support, and hope they can continue in the future.

Secondary Road Report: Engineer Jon Ites gave the Board a copy of the state bids on pickups; Ites also reviewed the Hudson Street County Shop LUST Report, stating they are still in the high risk category, not able to get a “no action” yet. Semi-annual reporting is still necessary; there will be a CREP drainage engineering meeting January 26, in Fort Dodge; Ites reviewed what counties can expect when the Transfer of Jurisdiction funding gets re-appropriated next year, and mentioned that Ringgold County may rescind their resolution on TOJ roads and give them back to the State, since they are projected to decrease; Ites will be attending the NACE conference in Kentucky in April, 2012. The following year, the NACE conference will be in Iowa.

Motion by Merten, second by Hach to approve and authorize the Chair to sign the underground utility permit for Windstream Communications Inc., Newton, IA, for placement of a 6 pair copper telephone cable, crossing 220th Ave. to service 4956 220th Ave. Carried.

Motion by Altena, second by Arends, to approve today’s claims approval list and to also include two additional claims: Vision Care Direct $2,077.78, and Delta Dental of Iowa $6,982.66, which were late arriving, and the following reports: November Conservation Board minutes, November Central IA Juvenile Detention Center Report, and BV County Landfill Commission report. Ayes: Arends, Altena. Nays: Merten, and Ringgenberg. Abstention: Hach. Motion defeated. Ringgenberg questioned the claim of Hach for almost a years worth of mileage. Merten said the County Attorney will be developing a policy on submitting mileage reimbursements in the future. Motion by Ringgenberg, second by Merten to approve the reports and to approve the claims list, pulling out the claim for mileage of Ken Hach. Ayes: Altena, Arends, Merten, and Ringgenberg. Abstention: Hach. Motion carried.

The Board discussed the notice that was recommended by the Safety Committee to be distributed with paychecks, regarding the use of cell phones and texting in motor vehicles. The notice states that the Supervisors strongly advise against the use of cell phones or like equipment while
operating a motor vehicle. Merten suggested adding this notice to the list of changes to be discussed in the future, for the personnel policy handbook, along with disciplinary actions for non compliance. Motion by Hach, second by Altena, to accept the recommendation of the Safety Committee, to include the notice with the next paycheck, regarding the use of cell phones and texting in motor vehicles. Carried.

Janice Danielson and Kristen Watts, BV County Genealogical Society, presented their funding request for FY’13. They would like to purchase a laptop computer and small portable scanner and more film, if there is money available. They have two fund raisers a year, their yearly calendar sales and the Taste of Storm Lake.

Janice Danielson and Lona Munger, Compensation Board Members, presented their recommendations for FY’13 salaries for Elected Officials. The Compensation Board recommended a 6% salary increase, across the board. The Board reviewed salaries increases for the past 20 years. Munger state that the challenges that the elected officials face, due to diversity in our County, should be reflected in their salaries. The Board attempted to alleviate the gap between the elected officials and non-elected officials salaries. The Supervisors had asked in the past, that the Comp Board use dollar amounts rather than a percentage, to alleviate the gap between the official’s salaries. Merten, who attended the Comp Board meeting, was surprised that it was being discussed as dollar amounts, and then it was passed with a percentage. Munger said that there were others on the Comp Board that didn’t grasp that concept. Munger said that next year, they will work at it again, but some members are stuck on the percentage. The Board thanked them for their work.

Irene Halverson and Sandy Halverson, Sioux Rapids Area Historical Association, met to request funds for FY’13 of $1,000, which is $200 more than they received for the current year. They would use the funds on repairing Abner Bell’s Cabin roof, and the museum needs plumbing, some electrical work, and door work. The Board thanked them for providing their services to the community.

Ed O’Tool and Gary Lalone, Storm Lake United, discussed their annual report and made their request for FY’13. Gary Lalone reviewed their increase in LOST for the City of Storm Lake, of over $100,000. The City receives a share and the County also receives a share of this local option tax. Hotel/Motel tax is also up, which shows that people are coming to town. They thanked the Board for their support in the past. The amount of their request is $30,000, which is $20,000 over their approved amount for this current fiscal year.

The time arrived for the bid letting on the DD #34 Lat 2 OD project. Brian Blomme, Kuehl & Payer Engineering opened the 5 bids: Civil Ag Group, LLC, of St. James, MN ($239,607.00), King Construction, Wall Lake, IA ($316,274.30), LA Carlson Contracting, Inc., Merrill, IA ($318,810.05), Peterson Contractors, Inc., Reinbeck, IA (325,221.35), and Healy Excavating, Lake View, IA (325,779.83). The engineer’s estimate was $310,633.65. Blomme recommends that the Board hold off on awarding the low bid, until the engineering firm has checked out the contractor and references. The bid will be awarded next week. Motion by Hach, second by Altena, to take bids under consideration and authorize the engineer to verify the references of the low bidder. Carried.

Supervisor meeting reports: Merten-attended a meeting in Carroll, discussing the MH redistricting. The State is to be divided in 5-15 regions, with a minimum of 3 counties each, and a minimum of 200,000 people. Must have a regions formed by April, or DHS will combine the counties themselves. Merten also attended the Storm Lake City Council meeting last night. He asked them to table their decision on the speed limit on Vestal Street until February, so that the County and City can discuss this again before the next Jt. City/County meeting on January 30, which the City was willing to do.
Mary Sloan, Prevention Supervisor, and Lois Pottoff, Prevention Worker for BV County, both with **Compass Pointe**, presented their FY’13 funding request. They are requesting a minimum of .90 per capita, proposed is $1.00 per capita. The amount approved for the current fiscal year is $15,000 (.74) per capita. There has been a census population change to 20,260, from 20,411. Their top priorities are: informing professionals and the community where to access services, education in the school systems to stop the underage drinking, and a plan to work on adult binge drinking.

There being no further business, motion by Altena, second by Arends, to adjourn the meeting at 12:30 p.m. until Tuesday, December 27, 2011 at 8:30 a.m. for special session. Carried.

Chairman Kruse asked the Board to consider revising the personnel policy to allow permanent part-time employees to receive a pro-rated amount of vacation, sick leave, and holiday pay, based on a percentage of their normal hours, compared to a full time rate. /s/ Dale Arends, Chairman, Board of Supervisors........./s/ Susan K. Lloyd, Auditor

Motion by Altena, second by Merten, to approve and authorize the Chair to sign the Amendment to the Agreement to Provide Custodial Service at the Buena Vista County East Richland Annex, whereby the contractor shall provide such duties at the Buena Vista County DHS Annex instead of the East Richland Annex, for the remainder of the contract period of June 30, 2011. Carried.

Motion by Hach, second by Altena, to approve the minutes of 3/8, as printed. Carried.

Engineer Jon Ites presented his 5-year construction program. Motion by Hach, second by Ringgenberg, to approve and authorize the Chair to sign the FY’12 IDOT budget and 5-year program. Carried.

Engineer Ites commented on the letter received from Richard Fondroy regarding DD #34 Lat 5 poor drainage. The engineer commented that there is a potential for a cleanout, because of the meandering. The next step is for the Board to appoint an engineer to do a study on the drainage district. There is quite a bit of vegetation in the area that makes it look blocked. An engineer’s study would cost approximately $3,000-$4,000. Ites recommended having the Board do an investigation themselves, and determine what the next step would be.

Motion by Ringgenberg, second by Merten, to allow Secondary Road employee Mike Sexton to carry over 10 days vacation into the next fiscal year. Carried.

Marilyn Monson presented the historical brochure she has been working on. The County received a $2,000 grant for this project. Monson presented the invoice from Color-ize for $1,999.80. She has taken the brochures to all 14 historical sites, motels, Chamber Office, Casey Stores. Monson updated the Board on the Heritage Tours for the Schools. There is still money available, so she has sent out a reminder letter to the schools. She contacted the County IT Director, and the historical brochure will
be placed on the County website. The calendar of events has been updated for 2011. Monson presented a bill for $2.64 for mailing the brochures.

ADOPTED AND PASSED by the Board of Supervisors of the County of Buena Vista
This 5th day of April, 2011.

/s/ Dale Arends, Chairman, Board of Supervisors........Attest: Susan K. Lloyd, Auditor

Auditor Susan Lloyd reviewed budget amendment items. Motion by Ringgenberg, second by Hach, to set the date and time of the public hearing on the FY’11 budget amendment as April 26, 2011 at 11:00 a.m. Carried.

Motion by Merten, second by Altena, authorizing the Chair to sign the agreement between Northwest Iowa Planning and Development Commission and Buena Vista County for the SHIELD program for FY’12. Carried.

County Attorney Dave Patton met to discuss the letter of assurance for the Buena Vista County Landfill. A guarantee was signed by a former Board of Supervisors in 1997, and since that time, a letter of assurance was signed each year, before April 1, to send to the DNR. If the County chooses to discontinue this assurance, they would need to give 120 days notice, and the Landfill Commission would need to find another source. Solid Waste Commissioner Mike Wilson presented a financial update on the Landfill Commission, and the sale of their property, reducing the amount of their debt. Wilson states that they are in much better shape today, than they were a year ago. The funds set aside for post closure costs are kept in a separate account, and only the commission can move it. Motion by Merten, second by Ringgenberg, to approve and authorize the County Auditor to sign the letter of assurance for the Buena Vista County Landfill, as Chief Financial Officer. Ayes: Arends, Merten, Ringgenberg. Nays: Hach. Abstention: Altena. Motion carried.

Chairman Arends asked Mike Wilson for an update on the disposal of brush and leaves. Wilson said the landfill had received a FEMA grant for the cleanup from last August, but that is done. A fee schedule was established to reimburse the City for moving the brush from the pad to the City burn pile. Supervisor Merten asked if they could open the gate to the City burn pile, for residents to dump their own yard waste. Wilson said that the City of Storm Lake isn’t comfortable with that, leaving their area left open. Arends doesn’t believe that the Landfill should be involved in the moving of lawn waste into their City site. He suggested a system be set up for moving the yard waste only once to its final destination, instead of handling it twice. Merten asked if the City could remove the burn ban for a few days, to allow residents to burn. Wilson can’t speak for the City Council.

Motion by Merten, second by Hach, to approve and authorize the Chair to sign the contract on Project #L-C-1027--73-11 for Vaughn DeLoss Construction, Spencer, Iowa, for a total of $118,139.20. Carried.

Engineer Jon Ites presented to the Board the Iowa Quality Initiative Structures Award, given to his department, from the Associated General Contractors of Iowa for 2008-2010, for the Best Special Design, which was the innovative bridge project on 640th St.

Motion by Altena, second by Hach, to approve the contract of Stratford Gravel, Inc., Dayton, IA, creating a stockpile of gravel for Newell, Coon, and Providence Townships, for up to 45,000 ton at a cost of $3.55/ton. Carried.

Motion by Hach, second by Altena, to approve and authorize the Chair to sign the contract of Bargen, Inc., Mountain Lake, MN for rubberized crack filling, for a total of $63,647.87. Carried.
Motion by Hach, second by Ringgenberg, to approve the **underground utility permit** for QWEST Communications, Omaha, NE, for a 50 pair telephone cable along 115th Ave. for service to Truesdale. Carried.

Motion by Merten, second by Ringgenberg, to approve the **underground utility permit** for QWEST Communications, Storm Lake, IA, for a communication cable along 40th Ave. to service 5844 40th Ave. Carried.

A letter was received from Ron Peterson, regarding a potential blockage of water flow in the open ditch of DD #83 in Section 17, Scott Township. Motion by Hach, second by Arends, authorizing the Auditor to send a letter on behalf of **DD #83** Trustees, notifying the owner of the property, to either lower the structure or remove the structure as it is obstructing the water flow. Carried.

Engineer Jon Ites discussed **pony truss bridges**. Those bridges that are not in the 5-year plan, could end up being declared a “historical” structure, and then it will be difficult to prove why it needs to be removed. Currently, there are 5 pony truss bridges in the County.

The Board discussed the potential cleanout of **DD #34 Lat 5**, requested by Richard Fondroy. They would like to clean out the first 300 feet and see if that works. Engineer Ites stated that DD #34 hasn’t been reclassified, so all of 34 would be paying for it. Motion by Merten, second by Arends, to ask the Drainage watchman to check the first 500 feet of the ditch and take some shots to see if it is worth fixing. Carried.

Weed Commissioner Dave Wiley and Conservation Director Nate Young were present for the bid opening for **weed chemicals**. Three bids were received: First Coop, Newell-$22.50 per gallon for Hidep and $360 per gallon for Milestone; First Coop, Cherokee-$21.50 per gallon for Hidep and $98.08 per quart for Milestone; Van Diest Supply Co.-$18.09 per gallon for Hidep and $298.99 per gallon for Milestone. Wiley would like to order 300 gallons of Hidep and 10 gallons of Milestone. Motion by Merten, second by Hach, to accept the low bid submitted by Van Diest Supply Co., Webster City, IA, for 300 gallons of Hidep and 10 gallons of Milestone, at a cost of $18.09 per gallon for Hidep and $298.99 per gallon for Milestone. Carried.

Conservation Director Nate Young discussed combining the **Weed Department** and the Conservation Department. Chairman Arends stated that according to the Code of Iowa, the Board of Supervisors appoints the Weed Commissioner. By agreeing to the new terms, all weed department employees would be employees of the Conservation Department, with the Conservation Director as their direct supervisor. Young will make a few minor changes to the terms discussed, and the Board will take action on this request at their next board meeting.

Motion by Altena, second by Ringgenberg, to approve the **Wellmark health insurance program** renewal for FY’12 (binder agreement, customized options/services, and MSP addendum), and to authorize the Chair to sign. Carried.

Payroll Deputy Leigh Madsen discussed information on **Vision Care Direct**, a new company offering vision insurance. Representative Mike Jones will be informing the Board about their program on April 19, at the supervisors meeting.
Motion by Hach, second by Altena, to approve the minutes of the March 29 meeting, as corrected, and the following reports: March Central Iowa Detention Commission minutes, Sheriff's quarterly report (Jan-Mar), and GR/VA quarterly report (Jan-Mar). Carried.

There being no further business, motion by Merten, second by Arends, to adjourn the meeting at 12:10 p.m. until, Tuesday, April 12, 2011 at 8:30 a.m. for a regular session. Carried.

County Attorney Administrator Heidi Hansen reviewed the quarterly report of delinquent court debt collections. The County Attorney’s Office hired a new part-time employee on February 14, 2011, and she is working strong on collections, sending out non-payment letters, and getting a great response. Next, they will start contempt proceedings on the defendants making no effort to make payments. This fiscal year to day, they have brought in to the County $49,502.03, which is $14,061.46 more than the last fiscal year total.

John Torbert, Exec Director-Iowa Drainage District Association gave a brief update on the IDDA activities. IDDA had had a very active year. They have been watching the court cases with Calhoun County and the railroad and Monona County and the DNR. There was an issue in Palo Alto County regarding a drainage assessment and the IDNR, which created new legislation to be signed into law stating that the State will pay their fair share on drainage improvements.

Engineer Jon Ites received DOT testing bills for two projects. Motion by Merten, second by Ringgenberg, to authorize the IDOT to remove $3,449.62 and $1,528.58 from our Farm to Market Fund for testing. Carried.

Engineer Jon Ites reviewed the Farm to Market quarterly report. Currently, the balance of the fund is $456,772.58.

Motion by Merten, second by Altena, to declare a 1954 International 6X6 wrecker, and a 1977 Lincoln welder as excess equipment, and to authorize the Engineer to advertise these items for sale, with a minimum bid on the wrecker of $2,500. Carried.

Motion by Altena, second by Ringgenberg, to approve and authorize the Chair to sign the underground utility permit for Windstream Communications, Inc., Newton, IA, for placement of 326’ of 200 pair and 8,611’ of 100 pair copper along the north side of C29 for the grading project by Albert City. Carried.
Motion by Merten, second by Altena, to approve and authorize the Chair to sign the overhead utility permit for Mid American Energy Co., Davenport, IA, for a 69,000 volt overhead electric line, along 100th Avenue, from the south line of Section 27, Washington Township, approximately 92’ north to the County road ROW along C49 and 100th Ave. Carried.

Engineer Jon Ites has received quotes from John Deere and Ziegler Cat for a motorgrader. Ziegler quoted $189,995.08 for a 140M-2011 Tier 3 model, with a trade-in of a 1997 140G Cat. John Deere quoted $200,000 for a 770GP-2011 Tier 3 model, and $187,000 for a 770G-2011 Tier 4 model. Engineer Ites recommended purchasing the Ziegler Cat 140M-2011 Tier 3 model. Motion by Arends, second by Altena, to accept the Ziegler quote for the 140M-2011 Tier 3 model motorgrader. Merten feels that we should go with the lower priced Tier 4 model from John Deere. CPC Dawn Mentzer and Tammy Mills-Thomas discussed Ida Services Inc. transportation request. Currently, they have a $30,000 deficit for transportation services. BV County has 4 consumers, which is 18% of the total clients that are transported. BV County’s share of the deficit would be $5,400.00. In the future, BV County will be billed by Siouxland Regional Transit, to pay them directly, at a much higher cost, as Ida Services Inc. wants out of the mix. The cost of transporting clients from Holstein to Battle Creek is $17.56 per round trip, per person. Mentzer is in favor of paying the $5,400 for this fiscal year, but if they contract with Siouxland Regional Transit, we need to negotiate a better price for a round trip fare. Motion by Merten, second by Ringgenberg, to approve paying Ida Services, Inc. $5,400, for our share of transportation charges for Buena Vista County clients that have been served. Carried.
